

RAPIDDITCH SERIES

THE SCIENCE OF SURVIVAL

ACR RAPIDDITCH® SERIES

When seconds matter, mariners count on the grab-and-go reliability of ACR's RapidDitch™ Bag. The ACR RapidDitch provides all the storage room to store and organize all of your boating safety equipment in one convenient location. In an emergency, simply grab the RapidDitch containing all your safety gear and abandon ship with your crew knowing all your essential survival gear with you. This rugged bag features all of the pockets, tethers and loops you need to keep safety gear at the ready.

The tough water-resistant fabric and self-repairing, corrosion-resistant zippers stand up to the harshest

of elements. With added buoyancy, the RapidDitch will float up to 25 lbs of gear and the new reflective material assists in being spotted by Search and Rescue forces.

Stay together with the new innovative shoulder strap tethering system that unhooks and easily transforms into two 4-foot safety harnesses designed to clip to your life jackets to keep everyone connected while in the water. Stay within arm's length of the RapidDitch bag to ensure all of your safety and signaling gear is available at a moment's notice.
