

Water Scum Line Remover – Bio-Kleen Oxidation Remover

- A biodegradable boat hull cleaner and fiberglass RV cleaner.
 - Removes yellow hue and stains from fiberglass boat hull.
 - A water scum line remover that removes algae and scum lines, scale build-up, chalking and buildup from water minerals.
 - Easily removes built up mineral deposits on your boat's drive showers.
 - Cleans spider droppings from boat and RV exterior.
 - Wipes or rinses away freely and leaves surface sparkling clean.
 - Excellent for removing chalking and stains within dry/indoor storage where rinsing is not permitted.
 - Ever get those rust stains on a building, concrete or other surface from sprinkler over spray? Bio-Kleen Oxidation Remover will remove those too.
-

Uses:
Use on fiberglass boat hulls, RVs, stainless steel, concrete, sprinklers, vinyl siding and more.

 - Clean spider droppings
 - 100% of the packaging is recyclable
 - No Animal Testing - No Animal Ingredients - Cruelty Free
 - Environmentally Friendly, Biodegradable, Non Aerosol, Ozone Safe
-

Excellent results for boat hull cleaning and rv exterior cleaning using a **Boat RV Brush, Wash Brush Super Soft** or **Wash Brush Ultra Soft**. Or if you prefer longer wash brushes try the **Washing Brush Telescopic Flow Thru 66"** or **Telescopic Fountain Wash Brush 62"**.

Follow up the deep cleaning results of Bio-Kleen Oxidation Remover with an application of **Boat RV Wax** to seal and protect the surface while adding a brilliant shine.

DIRECTIONS: Ready to use. *For the yellow hue on a boat hull:* Spray on, let stand 1-10 minutes, allowing longer time for salt water conditions and heavy build up. Rinse thoroughly or wipe thoroughly with a clean, cotton towel.

For dull, chalked paint on an rv: Spray on, wipe clean. Agitation with a soft bristle brush may be required on boat and rv surfaces with heavy water mineral build up. Follow up with an application of **RV Wax** to prevent future build up and create a layer of UV protection and shine.
