

Washing Boats with Bio-Kleen Super Suds

- A biodegradable, Phosphate Free, boat wash, RV wash and automotive wash.
 - A liquid wash that quickly removes scum lines, dirt, grime, insects and water spots from all surfaces.
 - Bio-Kleen Super Suds gently, yet effectively cleans; removing contaminants that could bond to or etch the surface of your boat, RV or automobile.
 - Super Suds creates a rich, high foam that rinses away freely, leaving a clean, streak free surface everytime.
 - This boat wash cleans without removing boat wax or regular waxes.
 - Specially incorporated polymers leave behind added protection and shine while washing boats, RV or automobiles.
 - Special ingredients help lubricate your washing brush or fountain brush to work more efficiently and prevent debris from scratching surfaces.
 - This liquid wash rinses away freely and leaves the surface sparkling clean.
-

Uses:

Wash boats, RVs, planes, trains, bus fleets, cars, trucks, siding, trailers and mobile homes.

Green Cleaning Attributes

- Phosphate Free
- Added Polymers for Protection and Shine
- Concentrated Cleaner: Highly effective allowing you to dilute per application; saving Time, Money, Transportation, Packaging and Shipping Costs. Therefore reducing the environmental impact.
- 100% of the packaging is recyclable
- No Animal Testing - No Animal Ingredients - Cruelty Free
- Environmentally Friendly Biodegradable, Non Aerosol, Ozone Safe

Remove heavy deposits prior to washing boats with a Hull Cleaner or a Water Scum Line Remover.

Excellent results for boat, RV, auto washing using a **Boat RV Brush, Wash Brush Super Soft** or **Wash Brush Ultra Soft**. Or if you prefer longer wash brushes try the **Washing Brush Telescopic Flow Thru 66"** or **Telescopic Fountain Wash Brush 62"**.

We recommend drying with a **Cleaning Chamois** to deter water spots.

Keep your boat, RV, auto clean and protected in between washes with **Spray Wax**.

After washing boats with a boat wash, protect with **Boat Wax**.

DIRECTIONS: Pour 1-2oz. Bio-Kleen Super Suds per gallon of water into a bucket (hot water always increases efficiency). Apply to a cool surface, using a clean sponge, **washing brush, fountain brush** or wash mitt. Before soap dries, rinse with a flow of water (not spray) so water sheets off surface. Wipe dry with a clean **chamois**. Follow up with an application of **Boat RV Auto Wax** for the ultimate shine and protection. For touch ups between washes, use **Spray Wax**.
