NO NEED TO DRILL INTO THE TOWER!

Universal Tower Top

26" High – 5' long
Available in 4 sizes to fit virtually any tower configuration!

Our universal tower clamps accommodate a wide range of tower diameters from 1-7/8" up to 2-3/8" making our tower bimini among the easiest to install. Available only in our premium Sunbrella® 100% marine acrylic with matching zippered storage boot and 7/8" heavy-wall anodized aluminum tubing. Each tower bimini comes standard with one set of tower clamps, high grade domestic black nylon fittings and front and rear hold down straps. Hold down straps may be replaced with optional braces (sold separately, see part numbers below).

Convenient storage design allows top to be secured to the tower when folded back and not in use.

Shown with optional front and rear braces.
