Datrex- W4 Automatic Lifejacket Light with Clip

USES

DATREX SOLAS/MED/USCG  W4 Automatic Lifejacket Light with Clip is a low profile, single compact flashing light powered by leak-proof alkaline batteries. The light activates automatically when in water and can be turned off manually if required. The light is emitted through an ultra-low profile dome, making the light less susceptible to damage during evacuation.

The light can be fitted in many different type of clips
