

20" RING BUOY ORANGE / WHITE DX0200D / DX0200WD

TYPE Type IV U.S.C.G. 20"

USES

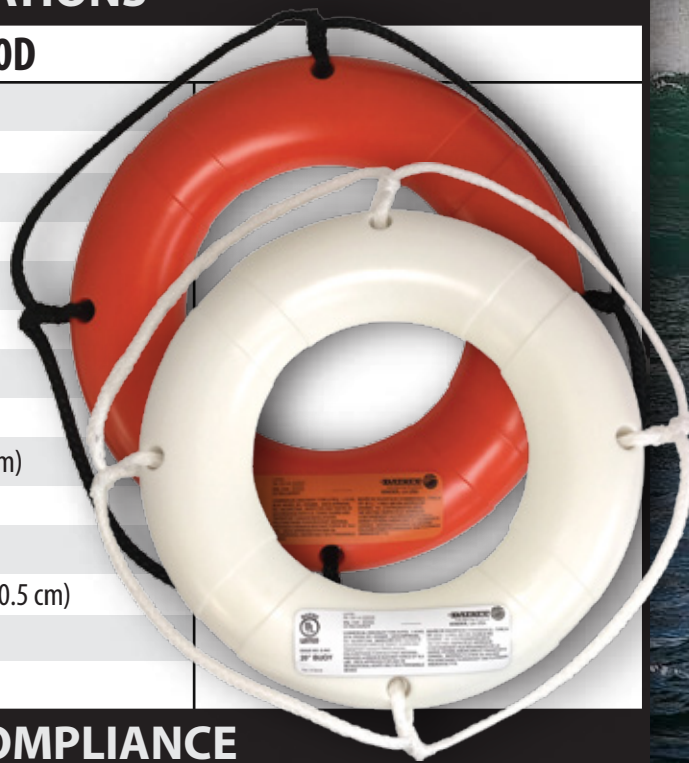

On recreational vessels the law requires that a Type IV flotation device be readily available. This application is precisely where the new 20" Datrex life rings will easily become the best and most cost-effective method to assist a person in distress. The 20" life ring buoy is also ideal for installations such as on lifeguard stations at beaches or pools, docks, board walks, buildings that are next to water. Commercial vessels, from the CFR 46, A vessel of not more than 7.9 meters (26 feet) in length must carry a minimum of one life buoy of not less than 510 millimeters (20 inches) in diameter.

FEATURES

All Datrex rings are molded from high impact linear low-density polyethylene for superior life expectancy in the most severe environments. The encircling white, floating rope is replaceable.

SPECIFICATIONS

ITEM NO.	DX0200WD/DX0200D
USE	Marine safety
SIZE	20" (61 cm)
WEIGHT	3.25 lbs (1.47 kg)
CLOSED CELL FOAM	Yes
MOLD RESISTANT	Yes
RETRO-REFLECTIVE	No
COLOR	In White or Orange
QUANTITY PER CASE	3 per case
CASE DIMENSIONS	23.5 x 21.5 x 11.5 in (60 x 55 x 29 cm)
CASE WEIGHT	12.25 lbs (5.56 kg)
QUANTITY PER PALLET	72 liferings
PALLET DIMENSIONS	40 x 48 x 75 inches (102 x 122 x 190.5 cm)
PALLET WEIGHT	330 lbs (150 kg)
PALLET VOLUME	83.3 ft ³ (2.36 m ³)

APPROVAL/COMPLIANCE

United States Coast Guard, Canadian Coast Guard
