

Safety Data Sheet

Falcon Sonic Blast Horn

Section 1. Identification

Product Identifier Falcon Sonic Blast Horn

Synonyms FSB1V, FSB1, FSB5, FSB5BU, FSB5C, FSB5CBU, FSB5R; TAD5Z

Manufacturer Stock

Numbers

Product Cas 29118-24-9

Recommended use Personal Safety - Hand Held Signaling Device. Prior to use, read all label

instructions and warnings. Use only as directed.

Uses advised against Keep out of reach of children. Intentional misuse by deliberately concentrating

and/or inhaling contents may be fatal. This safety device creates a loud noise

and should not be used unnecessarily or near ears.

Section 2. Hazards Identification

Classification Signal Word Pictogram GASES UNDER PRESSURE - Compressed gas

Hazard Statements
Precautionary Statements

Contains gas under pressure; may explode if heated

5

Response N/A

Prevention DO NOT SMOKE

Pressurized container: Do not pierce or burn, even after use.

Storage Protect from sunlight. Store in a well-ventilated place.

Store at temperatures not exceeding 49 degrees C/120 degrees F

Disposal

General

Keep out of reach of children

Ingredients of unknown

toxicity

0%

N/A

Hazards not Otherwise

Classified

Repeated or prolonged inhalation may cause toxic effects.

No Data Available

Section 3. Ingredients

CAS	Ingredient Name	Weight %
29118-24-9	1-Propene, 1,3,3,3-tetrafluoro-, (1E)-	100 %

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First-Aid Measures

Inhalation Remove to fresh air. If not breathing, give artificial respiration. If breathing is

difficult, give oxygen. Get medical attention.

Skin For liquid contact, warm areas gradually by flushing with lukewarm water. Do not

rub affected area, If blistering occurs, apply a sterile dressing. Seek medical

attention.

Eye Hold eyelids apart and flush eyes with plenty of water for at least 15 minutes. Get

medical attention.

Ingestion Is not considered a potential route of exposure.

General Advice Never give anything by mouth to an unconscious person. When symptoms

persist or in all cases of doubt, seek medical advice.

Notes to Physician Treat frost-bitten areas as needed.

Section 5. Fire Fighting Measures

Suitable Extinguishing Use extinguishing measures that are appropriate to local circumstances and the Media

surrounding environment. Cool containers/tanks with water spray.

Water mist, dry powder, foam, carbon dioxide (CO2)

Unsuitable Extinguishing

Media

High volume water iet

Firefighters Specific Hazards From Chemical Contents under pressure. Pressurized container may explode when exposed to heat or flame. Cool containers with floodings quantities of water until well after

Firefighters Specific

Hazards

Vapors are heavier than air and can cause suffocation by reducing oxygen available for breathing. Fire may cause evolution of Hydrogen Flouride

Protective Equipment for

Firefighters should wear full protective clothing including self-contained breathing apparatus.

Firefighters Methods for Containment

Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate

area).

Section 6. Accidental Release Measures

Safeguards (Personnel) Evacuate personnel to safe areas. Ventilate the area. Refer to protective

measures listed in sections 7 and 8. Vapors are heavier than air and can cause suffocation by reducing oxygen available for breathing. Avoid accumulation of

vapors in low areas. Avoid contact with skin/eyes (frostbite danger).

Environmental Precautions Methods for Clean-Up

Prevent leakage if safe to do so. Product evaporates readily.

Do not direct water spray at the point of leakage. Allow to evaporate.

Section 7. Handling and Storage

Handling (Personnel) Avoid breathing vapors or mist. Avoid contact with skin, eyes and clothing.

> Provide sufficient air exchange and/or exhaust in work rooms. For personal protection see section 8. Handle in accordance with good industrial hygiene and

Storage Temperature Do not expose to temperatures above 120 degrees F (49 degrees C) as

overheating could cause can to burst. DO NOT leave in direct sunlight or

enclosed vehicle.

Storage Keep out of reach of children.

Section 8. Exposure Controls/Personal Protection

Occupational Exposure Ingredient Name ACGIH TLV OSHA PEL STEL Limits

1-Propene, 1,3,3,3-tetrafluoro-, (1E)- N/A N/A N/A

Personal Protective

Equipment

N/A

Engineering controls Ensure adequate ventilation, especially in confined areas. Use respiratory

protection if needed.

Eye/Face Protection Wear safety glasses with side shields. Direct contact with liquid may cause

frostbite.

Skin and body protection As required by employer code. If there is risk of skin contact, wear protective

clothing, gloves, etc. Direct contact with liquid can cause frostbite.

Respiratory Protection Where exposure guideline levels may be exceeded, use an approved NIOSH

respirator.

Section 9. Physical and Chemical Properties

Physical State	Compressed
	Liquified Gas
Color	Clear
Odor	Slight
Odor Threshold	Not Available
Solubility	.373 G/L
Partition coefficient Water/n-octanol	Not Available
VOC%	N/A
Viscosity	Not Available
Specific Gravity	N/A
Density lbs/Gal	1.17
Pounds per Cubic Foot	N/A
Flash Point	Does not flash
FP Method	N/A
Ph	neutral
Melting Point	Not Available
Boiling Point	-2.20°F (-19°
	C)
Boiling Range	N/A
LEL	N/A
UEL	N/A
Evaporation Rate	Not Available
Flammability	N/A
Decomposition Temperature	N/A
Auto-ignition Temperature	694.40°F
	(368°C)
Vapor Pressure	4192
	HPa@20
	degrees C
Vapor Density	4 Note:
	(Air=1.0)

Section 10. Stability and Reactivity

Stability Stable under recommended storage conditions.

Possibility of hazardous reactions

Hazardous polymerization does not occur.

Conditions to Avoid

Aerosol containers are unstable at temperatures above 120 degrees F/49

degress C.

Incompatible materials

Reactions with alkali metals. Do not mix with other chemicals.

Hazardous Decomposition

Pyrolysis products containing fluoride, Fluorocarbons, Hydrogen Fluoride

Products

Section 11. Toxicological Information

Component Analysis - LC50 trans-1,3,3,3-tetrafluoroprop-1-ene - Not Available Component Analysis - Oral trans-1,3,3,3-tetrafluoroprop-1-ene - Not Available

LD50

Effects of Acute Exposure Eye - Vapors may cause mild irritation. Contact with liquid may cause frostbite.

Skin - Vapors are not irritating. Contact with liquid may cause frostbite.

Inhalation- Excessive intentional inhalation may cause respiratory tract irritation

and central nervous system effects (headache, dizziness). May cause

asphyxiation in high concentrations. Ingestion - Not a normal route of exposure. Ingestion of liquid may cause frostbite to mucous membranes and central

nervous system depression.

Sensitization Non-hazardous by WHMIS/OSHA criteria.
Chronic Effects Non-hazardous by WHMIS/OSHA Criteria
Mutagenicity Non-hazardous by WHMIS/OSHA Criteria.
Reproductive Effects Non-hazardous by WHMIS/OSHA Criteria.
Teratogenicity Non-hazardous by WHMIS/OSHA Criteria.

Section 12. Ecological Information

Ecotoxicity Effects - Toxicity NOEC: >117 mg/l Exposure time: 96 h Species: Cyprinus carpio (Carp)

to fish

Ecotoxicity Effects - Toxicity EC50: > 160 mg/l, Exposure time: 48 h, Species: Daphnia magna (Water flea)

to daphnia and other aquatic

invertebrates

Ecotoxicity Effects - Toxicity Growth inhibition. NOEC: > 170 mg/l, Exposure Time: 72 h, Species: Algae

to algae

Elimination information

(persistence and degradability)

Biodegradability: aerobic - Result: Not readily biodegradable

Section 13. Disposal

Waste Disposal Method Comply with applicable Federal, State/Provincial, and Local Regulations.

Contaminated Packaging Not Available

NOT Available

Section 14. Transport Information

UN Number 3163

UN Proper Shipping Name LIQUIFIED GAS, N.O.S. (TRANS-1,3,3,3-TETRAFLUOROPROP-1-ENE)

DOT Classification 2.2
Packing Group N/A
Hazard Labels: 2.2

IATA (Air) Proper Shipping Name: LIQUIFIED GAS, N.O.S. (TRANS-1,3,3,3-

TETRAFLUOROPROP-1-ENE) Hazard Class: 2.2 UN Number: 3163 Maximum

net quantity: 75 kg

IMDG (Vessel) Proper Shipping Name: LIQUIFIED GAS, N.O.S. (TRANS-1,3,3,3-

TETRAFLUOROPROP-1-ENE) Hazard Class: 2.2 UN Number: 3163

Section 15. Regulatory Information

US Federal Regulations This product is a "Hazardous Chemical" as defined by the OSHA Hazard

Communication Standard, 29 CFR 1910.1200.

CERCLA (Superfund) Reportable Quantity None

TSCA On the inventory, or in compliance with the inventory.

SARA 302 Components: SARA 302: No chemicals in this material are subject to the reporting

requirements of SARA Title III, Section 302.

SARA 313 Regulated

Chemical(s)

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by

SARA Title III, Section 313.

SARA 311/312 Hazards: Acute Health Hazard, Sudden Release of Pressure Hazard

California Prop. 65 This product does not contain a chemical known to the State of California to

cause cancer, birth defects or other reproductive harm.

WHMIS Classification: Class - A Compressed Gas. This product has been classified according to the

hazard criteria of the CPR and the SDS contains all of the information required

by the CPR.

Section 16. Other Information

Revision Date 4/11/2017

Disclaimer Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since

of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the requirements of all applicable legislation and regulatory instruments. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any

information contained in this document.
