FirstWatch is proud to be the official supplier of marine safety gear to NASBLA BOAT Instructors

Are You Ready For NASBLA Training?

NASBLA offers more than a dozen courses from Basic Crew Member to Pursuit and Stop and provides a variety of training options for marine law enforcement officers and first responders.

Adapted from the U.S. Coast Guard's Boat Forces training framework, the BOAT Program is comprised of vital maritime training and management components, including:

- **System Policy**
- **BOAT Operator Training and Qualification Process**
- **Crew Qualification Tasks**
- **Program Manager Roles and Responsibilities**
- **Boat Crew Currency Maintenance**
- **Documentation Requirements**

The Boat Operations and Training (BOAT) Program establishes a U.S. Coast Guard recognized national standard for the training, qualification, credentialing and typing of marine law enforcement and emergency first responders.

Adoption and implementation of the program provides a true national standard for maritime interoperability at all government levels. Standardization ensures maritime agencies can interact together and will bolster their ability to act as force multipliers nationwide.

Learn more about marine safety we have.
