

Warranty

Gatorbak warranties our product against manufacturing defect for 3 years. This includes protection against saltwater damage, UV deterioration, and microbial growth. Gatorbak bunks are warranted against scratches in gelcoat meeting industry standards for hardness of 50-55b (Barcol hardness). Our protection excludes any damage to the product during improper installation, improper use such as but not limited to dry loading, power loading, loading a damaged boat hull or due to extenuating circumstances where an insurance claim would need to be filed (storm damage, fire damage, and all other acts of God). This protection also excludes the uses of our product outside of normal, typical use. A normal, typical use is defined by using our product on boat docks, boat trailers, and boat lifts. Please contact us if you would like to use our product for anything other than those normal, typical uses.

Rely only on high-grade trailer hitches & towing offered on our virtual shelves.
