RX UV PROTECTANT CLEANER & POLISH™

Developed for the Marine industry RX has quickly become the standard for protecting plastic and metal surfaces found on Boats, Motorcycles, PWC, ATV's, UTV's and Helmets.

RX seals the surface with a micro-thin layer of UV protectant. RX restores nutrients that sun and water take away, just one use moisturizes and restores shine quickly and easily.

Use RX to clean and protect your plastic. Just spray and wipe.

- For use on Isinglass, Strata glass, plastic, stainless steel, aluminum, Gel-coat or any painted surface.
- Great for fairings, cowling, helmets, visors, fenders and any plastic or painted surface.
- RX is the most price effective alternative to other plastic cleaners on the market today.
- Provides 100% UVA and UVB protection.
- Cleans and protects from dirt, water spots, salt spray and grime.
- Use on vinyl glass routinely to preserve clarity. for boaters or ragtop automobiles this is a must!
- Rx conditions vinyl glass and helps avoid costly repairs from scratches and sun damage.
- Use RX on gauges, instruments, windscreens, bezels & trim to protect from the sun and add a shine to your surface.
- Anti-static formula reduces salt & dirt buildup. Dirt and grime wash away easier with RX on the surface.
- Made in the USA.

PART NO. _____

RX (14oz. can).....

RX VINYL UPHOLSTERY CLEANER™

Cuts grease and heavy soil on all vinyl surfaces.

Fast acting multi-purpose aerosol foaming cleaner that removes stains, dirt, sap and grime from vinyl upholstery. Cleans, brightens and restores new appearance. Quick, easy spray on application.

- Use on Boat, Auto, RV and Home.
- Use routinely to maintain upholstery.
- Formula has a balanced blend of synthetic cleaning aids designed to clean tough stains but not harm your vinyl surface.
- Clean seats, cushions, sunpads, steering wheels, helm, chrome trim, vinyl tops, dashboards, bolsters, gunnel pads, furniture, rubber mats, whitewall tires.
- Excellent on stubborn stains & tree sap.
- 18 fl. oz. can
- Made in the USA.

TREAD DOCTOR KNOBBY CUTTING TOOL™

Get New Traction on Worn Tires!

This lightweight handy heated tool cuts new edges into your dull worn out knobby tires. Refresh your front or rear tire before putting a new tire on. Extends the life of your tire, quickly and easily.

Tread Doctor uses a specially designed heated carbide cutting blade to trim your knobby tire.

It is easy to do yourself, just plug in and start cutting. With a little practice you can cut the minimal amount of rubber off each time to get a new edge for more traction.

It's like riding with a new tire every moto!

- Tread Doctor easily pays for itself by extending tire life and giving you improved traction.
- Tread Doctor blade easily resharpsens for years of life.
- Unit includes On/Off Switch and Holding Stand.
- Use it to cut tires for different conditions or after every moto.
- Tread Doctor™ is CE and ROHS Certified. All components used exceed industry standard for durability and enhanced functionality.
- Available in English, AU/NZ and Euro electrical versions.
- Tread doctor easily cuts new edges on the lugs of snowmobile tracks. New tracks are expensive, Labor intensive and Time consuming.

Use a scooping motion to cut in

- TD-SNHD#3 Sniper Head (5/32" wide)
- TD-SNHD#3 (brass head, 12 blades 5/32" wide)

TD-SNHD#3 Cuthead shown. Cuts a 5/32" wide groove. Depth of cut is adjustable. Great for Flat track, Enduro and Motocross.

SHORE TEE™

FOOTSTAKE™

Shore Tee Footstakes are the quick and easy way to store your kayak, canoe and SUP off the ground. Keep rainwater, mold, foliage, dirt and animals out of your expensive water equipment. Push the stake into the ground, sand or beach with your foot, flip kayak, canoe or SUP onto top of stakes, use eyelets built in, to tie item down. Foam padded stake tops rest your SUP board gently to avoid dings and abrasions. Want to mount the Shore Tee on your dock or hard flat surface? No problem! Use additional base mounts that attach to footstake for hard flat surface mounting. Sold separately.

- Injection molded HDPE automotive grade plastic.
- Will not corrode or rust.
- Lightweight 3.1 lbs. floats.
- Protective pads.
- Tie down eyelets let you strap down board to stake.
- Sold in pairs.
- Made in the USA

SMALL & LIGHTWEIGHT

CADDYSTRAP™ HELMET CARRYING STRAP

Specifically designed for carrying a second helmet on the passenger seat of your motorcycle.

CaddyStrap works by extending your helmets chin strap with a nylon and rubber infused extension strap that holds your helmet down securely. Mounts between the passenger seat through your frame chases and back to your helmet. Stretchable rubber section keeps the strap tight to the rear seat. Use on Sportbikes, Cruisers, Metric and American.

- Easy install, just remove rear seat.
- Made with 600D nylon and Marine grade rubber.
- Includes two D-Rings on strap, just like your helmet.
- Will not scratch helmet or bike.
- When not in use, stores compactly under seat.
- Patent Pending.

HOUR METERS

We Manufacture the World's Best Selling Hour Meter specifically designed for the powersports user. These meters will save you money by telling you when to service and what to service. All displays can be read at any time regardless if the engine is running. Easy to install one wire installation makes putting this hour meter on your engine fast and simple. All meters are made from Solid State Electronics with Modern LCD displays. Meters are waterproof giving you superb environmental durability. Use the meter that Yamaha®, Honda®, Suzuki®, Kawasaki®, KTM®, Mercury Marine®, BRP® and many more use... Hardline Products®

FUNCTIONS COMMON WITH ALL OUR HOUR METERS

- No Power or Ground Required
- Water & Shock Proof
- Works automatically on 2/4 Strokes
- Includes two sided tape, screws, pick-up wire and wire tie.
- Record & Displays to 9,999.9 hours
- .1=6mins resolution
- Internal battery lifetime of 10 years.
- Patented
- 1 Year Limited Warranty
- CE Certified
- RoHS Certified
- Engineered and Assembled in the USA

All hour meters that end in part number -2 include log book, hour meter, pick-up wire, cable tie, screws and double stick tape.

iMETER HOUR METER™ ANY GASOLINE ENGINE

The most advanced accurate, reliable hour meter made and the quickest and easiest to install. There are no connections required.

- Automatically starts and stops from the running of your engine by sensing the resonance of the motor.
- No wiring required. No Power, ground or pick-up wire required
- Just peel and stick.
- Includes Resettable Trip as well as total hours accumulated modes.
- Includes double sided tape and mounting screws.
- Waterproof and Shock Resistant holds a IP-68 Rating
- Built in Battery has 7 year lifespan.
- Comes with Log Book to Track the Service Life -oil changes, valve adjustments, spark plugs, settings etc...
- Records & Displays to 9,999.9 hours
- Hour glass symbol automatically appears when engine is running and flashes on/off to indicate counting time.
- Push button to display data when engine is not running.
- Resolution 0.1 hour (.1=6mins.)
- One Year Limited Warranty.
- Works on Any Motorcycle, ATV/UTV or PWC automatically 2 or 4 stroke.
- Made with Solid state electronics, modern LCD. The iMETER has superb environmental durability and enhanced functionality making iMETER the best choice of all possibilities without sacrifice to performance, operation or budget.

PART NO. HR-9000-2.....

RE-SETTABLE HOUR METER™ ANY GASOLINE ENGINE 2 CLY. OR LESS 4 STROKE

- Track Services, Oil, Spark Plugs, Rings and Valves
- Displays RPM when running up to 20000
- Adjustable Input for all types of ignitions
- Recalable Max RPM
- Resolution 10 RPM
- Resettable Flash Alert to Clean Air-Filter at 5 hours
- Resettable Flash Alert to Change Oil at 10 hours
- Resettable Flash Alert to Service Valves at 20 hours
- All Services count down hours left till service
- Services easily reset with touch of a button
- Displays Total Hours when engine is off
- Automatically switches On/Off with Engine
- Timer Mode allows recording of individual riding session
- Use on EFI, Stick Coils or Older Ignitions
- Total Time Non-Erasable
- Includes Log Book
- Tri-Fold Clamshell Packaging

PART NO. HR-8067-2.....

HOUR/TACH METER ANY GASOLINE ENGINE 2 CLY. OR LESS

- Displays RPM when running up to 20000
- Adjustable Input for all types of ignitions
- Recalable Max RPM
- Displays Total Hours when engine is off
- Track Services, Oil, Spark Plugs, Rings and Valves
- Automatically switches On/Off with Engine
- Great for 2/4 Stroke.
- Resolution 10 RPM
- Use on EFI, Stick Coils or Older Ignitions
- Total Time Non-Erasable
- Includes Log Book
- Tri-Fold Clamshell Packaging

HR-8061-2.....

HR-8062-2

HR-8062-2

HR-8062-2.....

- Easy Installation no power or ground required.
- Works on any gas engine up to 8 cylinders and 20,000 rpm.
- Can be used with Fuel Injection engines.
- Maximum RPMs 20,000
- Pick-up wire length is 60"
- Pick-up wire length can be shortened by trimming.
- Track the Service Life of Your Vehicle – oil changes, valve, adjustments, spark plugs, etc...
- Easy Installation – peel & stick, no wiring necessary just plug and play!
- Operates with new generation 2 or 4 stroke "pen stick" coils
- No Power Required – Includes replaceable CR2032 battery inside
- Works Any Gas engine
- Records and Displays to 9,999.9 hours
- Hour glass symbol appears and flashes on/off to indicate counting time
- Resolution: .1=6 minutes
- Refresh rate 0.5/1.0s
- RPM accuracy 10 RPM
- 100% epoxy encapsulated casing resists water
- Warranty one year.
- IP 68 Rating.
- Unit measures 2 1/8" length x 1 1/2" wide x 5/8" high.
- Includes 3M® two-sided tape for easy mounting
- Includes log book

HR-8063-2

- Track Services, Oil, Spark Plugs, Rings and Valves
- Automatically switches On/Off with Engine
- Great for 2/4 Stroke.
- Use on EFI, Stick Coils or Older Ignitions
- Total Time Non-Erasable
- Includes Log Book
- Tri-Fold Clamshell Packaging
- TM1 & TM2 Trip Meter Function

*2 stroke install:
Wrap pickup wire around
spark plug lead.*

*4 stroke installation:
Wrap pickup wire around
head of coil*

HR-8063-2.....

TH-1

TH-1.....

- Universal fits any motor with spark plug or a radiator.
- Pick up temp from spark plug mount or radiator wedge.
- Easy Install. No massive disassembly or plumbing required.
- Includes replaceable sealed battery
- Temperature range 32-482° F (0-250° C)
- Settable Fahrenheit or Celcius unit.
- Waterproof with IP68 rating.
- 1/2" x 1 1/4" LCD Display.
- Green backlit display button.
- Battery Life Indicator on Screen
- Made with Marine Grade Polymer Material.
- One Year Warranty

TH-1-EXT (14' EXTENSION).....

HR-8068

- Track Services, Oil, Spark Plugs, Rings and Valves
- Resetable Flash Alert to Change Engine & Gear Oil at 100 hours
- Resetable Flash Alert to Service Spark Plugs at 100 hours
- Resetable Flash Alert to Service Valves at 500 hours
- All Services count down hours left till service
- Services easily reset with touch of a button

HRMM-2

STEERING STEM BRACKET

*HRMM MOUNTS DO NOT FIT HR-8062-2

- Mounts using Steering Stem Post & Nut.
- Fits most 125, 250, 450 & larger dirt bikes.
- Corrosion resistant.

HRMM-3

- Mounts using OEM gas tank or frame bolt.
- Universal, fits any Hardline Products meter.
- Aluminum will not corrode.

HRMM-4

- Flush Mount utilizes your OEM frame hole behind the steering stem.
- Made from aluminum will not corrode.
- Anodized Orange.
- Made in the USA.

HRMM-5

- Flush Mount utilizes your OEM frame hole behind the steering stem.
- Made from aluminum will not corrode.
- Made in the USA.

HRMM-5G (USE FOR GENERATORS).....

- Fits any Hardline Products hour meters p/n HR-8061-2 HR-8063-2, HR-8065, HR-8067-2
- Made from billet aluminum.
- Easy Install, no drilling or cutting needed.
- Includes 1 bracket, 2 screws, 2 zip ties and 1 two-sided tape.
- Made in the USA.

HRMM-6

YZF250-450 2013-2016 v

- Precision Cut From 6061 Aluminum.
- Anodized Black.
- Mounts any Harline Products hour Meter.
- Made in the USA.

HRMM-7

This machined handlebar mount puts your temperature gauge (part no. TH-1) or Hour Tachometer meter (part no. HR-8062-2) right at your fingertips next to the left grip. Clamp mounts to your handlebars so the mounting angle is adjustable for your best view.

- Allows you to easily see RPM's or Temperature gauge.
- Fits 7/8" handlebars, Dirtbike or Mountain Bike.
- Made from Machined Billet Aluminum. No plastic.
- Stainless Steel Fasteners.
- Pre-drilled to accommodate all Hardline Products hour meters except HR-8062-2 (use double sided tape with HR-8062-2 on this bracket)
- Made in the USA

HRMM-8

This hour meter mount replaces your KTM/Husky stock hour meter so you can use Harline Products® hour meters with existing OEM threaded holes on your KTM/Husky motorcycles. Use on any KTM/Husqvarna motorcycle that comes with factory hour meter on handlebars or under seat.

- Includes bracket and two screws.
- Easy assembly.
- Uses bike's existing wiring.
- Does not interfere with turning radius.
- Machined aluminum.
- Corrosion resistant.
- Made in the USA.

HRMM-9

This hour meter mount puts your hourmeter at your fingertips on your handlebar or roll cage/frame applications.

- Fits Diameter .70" (18mm) to 1.18" (30mm) handlebars or tubes.
- Fits any Hardline Product Hour Meter
- Use on Pro-Taper® Eco, Contour, Pastrana & SE Bars.
- Fits Renthal® Fatbars, Oversized, Roadbars, MiniRacer & Twinwall.
- Includes Bracket, Rubber Pad, Fastener and Cable Ties.
- Adjustable for Best View.
- Will Not Corrode.

* Note: if using p/n HR-8062-2 use hook and loop that is included with meter.

FENDER BENCH™

The FenderBench work tray fits over the rear fender of any Dirtbike. FenderBench provides you a place to set tools, fasteners, nuts, bolts, washers, gaskets, seals, lubricants and other easy to loose parts while working on your bike.

- 10" x 14" Injection Molded Tray.
- Fits any Dirtbike Fender.
- Secures with Flexible Velcro Strap.
- Divided Departments and Spaces for T-Handles and Screwdrivers.
- High Impact Fuel & Fade Resistant.
- Use at the Track or in the Garage.

PART NO. _____

FB-1.....

LUCAS OIL GREASE GUN

Lucas Oil Grease Gun for Zerk or Alemite fitting. Small, versatile gun allows for front or top pipe placement. Pistol grip for easy 1-handed operation. Barrel takes 3 oz. grease cartridge or can be suction loaded.

- Small Versatile Toolbox Size
- Aluminum Diecast Head Cap
- Front or Top Load Head Cap
- Heavy Duty Diecast T-Handle
- 5.5" Pipe with 1/8" threads and 1.5" Heavy Duty Coupler
- 9" Heavy Duty Nylon Hose
- Uses Standard 3oz. Grease Cartridges
- Black Electroplated Finish for Long Service Life
- Lifetime Limited Warranty
- Knurled Thick Wall Barrel for Secure Grip
- Working Pressure 3600psi

PART NO. _____

C-314.....

TIRE WEDGE™

Front Wheel Guide for M/C & Mountain Bikes. Designed to hold the front tire from sliding left or right during transport in a truck or trailer.

- Clamps to pick up truck bed. No holes to drill. Installs in seconds.
- Universal, fits any model pick-up truck box.
- Securely holds front wheel in pick up truck bed.
- No holes to drill. Installs in seconds.
- Made of High Density Polypropylene.
- Fits tires up to 6" wide.
- Use on Dirt or Street M/C, Mountain bikes and BMX bikes.
- Saves fork seals. Use less tie-down force to hold bike.
- Will not corrode.
- Fits any pick-up truck domestic or foreign.
- Made in the USA.
- Patent pending.

TW-1.....

UNIVERSAL TRAINING WHEELS™

Our Training Wheels Trainer system allows for adjustability and adaptability. With our Trainer you can adjust the wheel height and mounting position for your type of riding terrain as well as rider's skill level. As the rider gets better, raise the wheels incrementally higher until balance is achieved. Start with training wheels fully down and as your rider's skills and confidence increases, raise the training wheels incrementally until they are fully up and the rider is balancing.

- Fits on any 50cc or electric motorcycle with footpegs.
- Adjustable for Terrain and riders' skill level
- Solid Steel Axle with CNC machined components for accurate fit
- 8 inch pneumatic wheels with 4 ply tires
- Sealed Ball Bearings
- Hardened fasteners
- Limited Life time Guarantee

PART NO.
1602-UT-H.....

REPLACEMENT TRAINING WHEELS

Replacement Tire & Rim for Universal Training Wheels™, hand trucks, wagons, garden carts, dolly, pressure washer, caster & other equipment.

- 8" diameter wheel, 2 3/8" tread width.
- 50 psi max. inflation pressure.
- 250LB. Capacity
- 5/8" Arbor (axle bore) with sealed ball bearing hub.
- 3" hub width (1.5" per side).
- Grease fitting.
- 4 Bolt hub.
- Galvanized steel rim.
- 4 Ply 2.5" tire.
- Tread pattern for maximum life.
- Strong sidewall.
- Heavy duty pneumatic nylon tube.
- Brass alloy air stem.
- Outdoor/Indoor use on turf or concrete
- Not for Highway Use

DUAL BATTERY ISOLATORS AND KITS

Specifically designed for UTV, Boats, SXS and RV's.

Use for dual battery applications. This automatic relay distributes charging amperage between two batteries. Perfect for "house" and starter battery application in power-sports and boat applications.

- Fully automatic priority charging for main battery.
- 12V 140A isolator with Cut-In:13.3V, Cut-Out:12.8V
- Will work with lead acid, AGM, gel and lithium batteries.
- Easy 3 wire connection at the battery.
- Uses existing wiring in vehicle
- No voltage drop.
- Compact size 2" x 2.5" x 2.5"
- No heat sink area required.
- Water resistant.
- Meets (SAEJ1171) certification.
- Operation temperature range:-30 to 105°C (-22°F to 221°F)

DBI-1 Kit includes:

- 12v 140amp Battery Isolator.
- 12" #4 red cable with 5/16" lug.
- 12" #4 black cable with 5/16 lug connector
- 24" #4 red cable cut to size. single 5/16 lug connector
- 5/16" Lug cable end qty. 1
- 3/8" Lug cable end qty. 1
- 1 1/2" red shrink tube.

DBI-2 Kit includes:

- 12v 140amp Battery Isolator with mounting screws.
- 8.5mm x 6000mm red cable with two 8 x 5/16 connectors.
- 10mm 600mm black cable with two 4 x 5/16 connectors.
- Positive marine type battery clamp.
- Negative marine type battery clamp
- Copper lugs 6 x 5/16
- Copper lugs 6 x 1/2
- Red heat shrink 20mm x 35mm
- Cable ties 4.5 x 30mm

- DBI-1
- DBI-2

QUIKSTEM™ PUSH-IN TIRE VALVE STEM SYSTEM

QuickStem Push In Tire Valve Stem is designed to quickly replace torn, damaged or leaking tire stems. Just push-in, tighten nut and inflate. You do not need to break the bead or remove the tire from the rim.

- Works on any tubeless rim. Rated up to 200psi.
- Fits .453" rim holes which is the most popular size in power sports.
- Fits your SxS, UTV, ATV, Motorcycles street/dirt, Trailers, Trucks, Lawn Mowers and Auto's.
- Use for quick fixes to flats from tire stem damage or wear.
- 60 Second install.
- Constructed of Alloy Steel, will not rust.
- Sold in pairs.
- Patent pending.

PART NO.

- QS-1

TERMINAL TENDER™ FLAT SQUARE POST BATTERIES

Designed to be used on UTV's, S&S, ATV's & Motorcycles.

*Terminal Tender will fit under seats on motorcycles especially Harley Davidson® where the battery is mounted with little clearance. If using for other motorcycles check

"measurements" photo to confirm fitment.

- Connects up to (6) accessories to your power sports battery.
- Machined to fit on top of 12volt battery terminals used in power-sport vehicles
- (3) different mounting options, side, front and top.
- Includes both (+) and (-) terminal tenders.
- Use for chargers, GPS, Winch and Light-bars.
- Fits any powersport battery.
- Includes (2) Tender blocks, (2) post 4 mm hex screws and (6) accessory 4 mm hex screws.
- CNC machined aluminum for precise fitment and contact to post.
- Made in the USA.

TERMINAL TENDER™ ROUND POST BATTERIES

Designed to safely add up to six differnt accessories requiring 6 or12 volt power onto your battery. Includes both positive (+) and negative (-) terminal block..

- Fits Auto Post Terminals (SAE) Standard DIN T1 dry or wet cell.
- Uses your OEM pinch terminal. No cable change required.
- Includes (2) Tenders (negative and positive labeled)
- (2) post clamp screws, (6) accessory screws per post.
- Stainless Hardware, 1/4-20 thread.
- CNC machined from billet 6061 T6 Aircraft grade aluminum.
- Akadized Treated Type 1 to prevent oxidizing. Great for Marine applications.
- Six differnt connection ports.
- Measures 1 1/2" tall by 1 5/8" wide.
- Front, side and top mounting positions for your accessories.
- Made in the USA.

SOFT SHACKLE™ SYNTHETIC ROPE LOOP

The safer way to recover S&S, UTV, ATV and Trailers. Use in place of heavy steel shackles or D-Rings in recovery operations.

- 5/16" rope size with 8mm braided strands of Synthetic rope in a self-tightening loop.
- Breaking strength 17600 lbs.
- Use on winches, towstraps and chains.
- Quick hook-up to tube bumpers and roll bars. Will not scratch.
- Easy hook-up and release with pull cord.
- Constructed of UHMWPE fiber will not corrode.
- Safer than steel cable. Less recoil mass if cable or chain breaks.
- Single one-piece design.
- No tools required to hook up. No steel shackle, screws or pins required.
- Self tightening.
- Abrasion resistant sheath (black).
- Floats in water & day-glow orange for easy reference.
- Compact, easy to stow.
- Use in Snow, Mud, Sand and Water.

PART NO.

SS-1.....

GUNNAR™ LANYARD KILL SWITCH SYSTEM

Gunnar Kill Switches are the only kill switch specifically designed to work safely and correctly with your electrical system. Gunnar Kill Switches shut off the engine the way the OEM designed it to be shut off. Don't risk your electrical system and your safety with any other unit.

There are two types of electrical systems used on powersports vehicles. Normally Open (N.O.) and Normally Closed (N.C.). N.O. switches are the open type, they ground the ignition lead when the tether is pulled away from the bars. N.C. switches work the opposite and are typically used on battery type ignitions which may have an ignition key as the identifier. Most newer, more complex electrical systems are N.C.

- Easily connects to electrical system
- Includes all needed hardware, wiring, connectors and lanyard
- Available in black, blue and red
- Chart on packaging helps you identify your electrical system

ROLLASTAND®

The answer to bikes without center-stands! The Rollastand® allows you to easily clean the grime from both front and rear wheels of your motorcycle without having to push the bike across the garage. No more pushing your bike around the shop. Also makes chain maintenance, inspecting tires and checking air pressure easier. Just roll the bike onto the stand and place on its' side-stand. Wheel spins, allowing you maximum access to clean easily. Works great for front or rear wheels. Two models to choose from: Sportbike, or Metric Cruiser & Harley®.

RS-1 Sportbike

- Designed for bikes without center-stands
- Easily clean front or back wheels
- Easy one person operation
- No danger of dropping bike
- Powder coated
- Sealed bearings
- Non-slip backing

RS-2 American & Metric Cruisers

- Makes whitewalls, spokes, chrome and rims easy to clean
- Works great for large touring bikes (Goldwing™, etc) in conjunction with the center-stand
- Use on any motorcycle

PROP BAG™

Protect your prop(s) and the people around them with the Prop Bag in or out of the water. Stop your props from getting dinged and being a hazard when trailering. Use for storage of spare props.

- Made from 600 denier heavy duty nylon with reinforced padded sides
- Mold, mildew & stain resistant
- Velcro® closure for tight fit. Won't come off when trailering
- Convenient hand straps for transporting
- Does double duty as carrying bag
- Includes interior pocket for locking tab and nut
- Includes grommet locking holes for simple security to outdrive
- Use Bravo style on all 3, 4 blade props up to 15 1/2"
- Use Clever style on all surface propellers
- Use after beaching boat to protect people around your transom
- Available for private label

DISCHARGE DECALS

Comply with local and Federal regulations with these Discharge decals. All boats must have D01 and within the Great Lakes an additional GL1

- 4MIL Vinyl, peel & stick
- UV Coated
- Discharge of Oil Prohibited size 8" X 5"
- Discharge of Garbage size 9.25" x 4.5"

DISCHARGE OF OIL PROHIBITED

THE FEDERAL WATER POLLUTION CONTROL ACT PROHIBITS THE DISCHARGE OF OIL OR OILY WASTE INTO OR UPON THE NAVIGABLE WATERS OF THE UNITED STATES, OR THE WATERS OF THE CONTIGUOUS ZONE, OR WHICH MAY AFFECT NATURAL RESOURCES BELONGING TO, APPERTAINING TO, OR UNDER THE EXCLUSIVE MANAGEMENT AUTHORITY OF THE UNITED STATES, IF SUCH DISCHARGE CAUSES A FILM OR DISCOLORATION OF THE SURFACE OF THE WATER OR CAUSES A SLUDGE OR EMULSION BENEATH THE SURFACE OF THE WATER. VIOLATORS ARE SUBJECT TO SUBSTANTIAL CIVIL PENALTIES AND / OR CRIMINAL SANCTIONS INCLUDING FINES AND IMPRISONMENT.

THE DISCHARGE OF ALL GARBAGE INTO THE GREAT LAKES OR THEIR CONNECTING OR TRIBUTARY WATERS IS PROHIBITED.

A PERSON WHO VIOLATES THE ABOVE REQUIREMENT IS LIABLE FOR A CIVIL PENALTY OF UP TO \$25,000 OR A CRIMINAL FINE OF UP TO \$50,000 AND IMPRISONMENT FOR UP TO FIVE YEARS FOR EACH VIOLATION.
