

 HYPERLITE  H.O. SPORTS

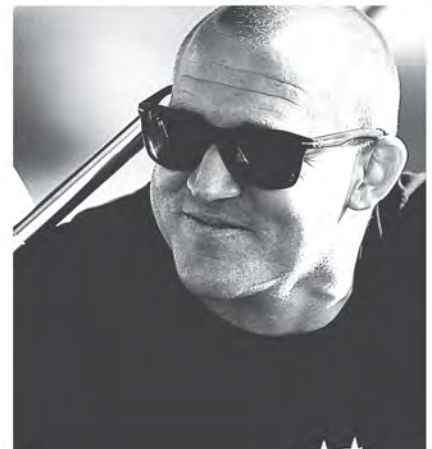

With more than 28 years of wake experience Hyperlite manufactures the most trusted and quality goods for all things Wake! Together with our team riders and loyal supporters Hyperlite has put together the greatest line of Wakeboards, Bindings, Wake-surfers, Vests, Ropes & Handles ever seen before. New partners like Varial Surf have also allowed us to launch the finest line of surfers, using aerospace grade materials all being made right here in the USA.

Hyperlite is confident that our material selection and construction processes deliver dependable gear trusted for multiple seasons. Technological advances from our R&D center also bring terrific performance advantages relished by today's athletes. Every detail is poured over to ensure all have the best possible experience gliding across the water.

The Varial Surf partnership is the first of its kind bringing expert knowledge into the world of Wakesurfing. Their patented foam processes and infused glass technology guarantee these surfers are unlike anything seen before in our sport. Based in Ventura, California we're honored to have these boards built right here in the United States.

Chances are you already know this - Hyperlite has never been so connected with our fellow wake enthusiasts. The #iRideHyperlite program is a force to be reckoned with. Your response to our new posts, videos and products has been amazing and your feedback helps us continue making products we are all confident in.

1 BEACON IKAYAK

The Beacon iKayak from HO Sports is the kayak of choice for adventure seekers who want a lightweight, easy-use, inflatable kayak. The iKayak offers the performance of a rigid kayak with the convenience and portability of being inflatable. The Beacon's 3 inflation chambers make inflation/deflation a snap while the RIGID Drop-Stitch floor won't bend or fold like many inflatable kayaks. With 2 bungee storage zones on the top as well as plenty of storage in the cockpit area, you will have ample room for all your gear with the Beacon's open top design. The Beacon comes with an adjustable 2-piece paddle, ergonomic high-back seat with storage pocket and built-in fishing rod holder, pump and carry tote...everything you need to realize your kayak adventures.

2 ECHO IKAYAK

The Echo iKayak from HO Sports is the kayak of choice for adventure seekers wanting an easy to use, lightweight inflatable kayak. The Echo offers the performance of a rigid kayak with the convenience and portability of being inflatable. The Echo's 3 inflation chambers make inflation/deflation a snap while the RIGID Drop-Stitch floor won't bend or fold like many other inflatable kayaks. With 2 bungee storage zones on top, as well as plenty of storage space under the cover, you will have ample room for all your gear. The Echo comes with an adjustable 2-piece paddle, ergonomic high-back seat with storage pocket and built in fishing rod holder, hand pump and carry tote... everything you need to begin your kayak adventures!
