## KMTC9 & KMTC11 HORN-LOADED TOWER SYSTEMS

Seven-color RGB LED illumination

Advanced proprietary horn design with titanium tweeter for extremely smooth sound

Unique ABS/stainless-steel clamp that fits many sizes of tubes

Quick-disconnect mating socket means its easily taken down and stored away after usage

Tough polymer enclosure with UV-stable finish for years of use

Stitched polypropylene cone with Santoprene® surround

### WHAT MAKES IT SUPERIOR?

- Industry-leading efficiency and SPL for loud, clear music while on the water
- Incredible low-end performance and bass extension
- 359-degree swiveling design without the need for tools
- Single-bolt removal system with no tools needed – store them away easily
- Clamps swivel to mount on curved tower bars (+/-5 degrees)

#### Model

#### KMTC9

#### KMTC11

Woofer (in, mm)	9, 23	11, 28
Horn Loaded Compression Driver (in., mm.)	1, 25	1, 25
Impedance (Ohms)	4	4
Continuous Power (watts RMS)	300	300
High Pass (dB), at Frequency (Hz)	12, 2500	12, 2500
Low Pass (dB), at Frequency (Hz)	12, 2500	12, 2500
Frequency Response (Hz)	20-20,000	20-20,000
Enclosure Diameter (in., mm.)	9-13/16, 24.9	11-7/8, 30.2
Enclosure Depth (in., mm.)	10-7/8, 27.7	12-11/16, 32.3
Enclosure Height (in., mm.)	11-9/16, 29.4	13-5/8, 34.6
Total Enclosure Height (in., mm.)	13-9/16, 34.4	15-9/16, 39.6
