Cut for mounting template

Mounting Instructions:

- Please use mounting template provided to position mounting holes.
- Attach stainless steel housing with #4 mounting screw provided.
- Insert LED Dome and wire assembly through stainless steel housing and press in dome until locating pin lock in position.
- Connect to 12VDC power supply.

Light circuits should be protected with an appropriately sized fuse. Each light draws approximately 30mA at 12VDC. Fuses on circuits with multiple lights should be sized accordingly.
