

Lumitec Composite NAV Lights meet ABYC SECTION A-16 standards for Navigation
This product meets all requirements by the USCG for use up to 2 Nautical Miles.

Installation Requirements:

- Lights should be installed by a professional. Lights accept 10VDC to 30VDC.
- Use the mounting templates below to properly orient the lights to the vessel.
- Lights shall not be obscured by the hull, deck, fixed structures, optional equipment, or designated occupant positions under normal operating conditions.
- Pre-drill the mounting holes for #6 tapping screws. (provided) Properly pre-drilled holes will ensure the orientation of the light is correct.
- Thread the power wire into the wire exit hole, leaving some exposed. Use a marine grade sealant around the power wire to seal it within the wire exit hole.
- Test fit the cover over the light module and adjust the power wire as necessary.
- Screw the cover into place. (DO NOT OVER-TORQUE)
- Make sure the lights are fused properly.

This product is warranted to be free from defects in workmanship and materials for a period of three year from the date of original purchase. Should your Lumitec product prove defective during the warranty period promptly notify Lumitec and return product with freight prepaid. Lumitec will, at its option, repair or replace the product without charge for parts or labor, or refund purchase price. Products repaired or replaced under this warranty shall be warranted for the unexpired portion of the warranty applying to the original product(s). Lumitec is not responsible for product failure caused by abuse, neglect, improper installation, or failure in applications other than those for which it was designed, intended, and marketed. No warranty or affirmation of fact, express or implied, other than as set forth in the limited warranty statement above is made or authorized by Lumitec. Any liability for consequential and incidental damages is expressly disclaimed. Lumitec liability in all events is limited to, and shall not exceed, the purchase price paid.
