

Technical Data

Part # LLB-49WR-21-CR

LED Chart / Map Light

Our new Nav Station light offers both Red and Warm White in one. Both colors put out plenty of light to read by and it looks elegant too.

The perfect light for night charting or reading. The 3 watt white, wide angle light is comfortable on the eyes and plenty bright while the 1 watt red offers excellent reading capability at night. The 19" heavy duty flex goose-neck offers up the versatility you demand. Attractive, functional and power savings all in one!
