

EEL ShorePower™

One hand. A simple twist.
Full power.

Introducing EEL ShorePower™ by Marinco

Broken rings, cross-threaded rings, or no ring at all have been a problem when trying to create a weathertight seal for shore power connections. Misusing the threaded ring can create unsafe operating situations and ruin a pleasant day of boating. Marinco's new, patented locking system eliminates the need for the traditional locking ring, creates a watertight seal every time, and ensures a safer boating experience.

EEL ShorePower

EEL stands for **Easily Engaged Lock**, and just like a real eel, the EEL ShorePower clamps down and doesn't let go to create a safe shore power connection and a watertight seal.

Patented Jaw Clamp technology

- Designed for use with the boss ring on NEMA inlets
- Will not damage inlet boss ring
- No threaded ring required—jaws have threads
- Create a watertight seal every time

Proprietary built-in cord light

- Added safety—alert light indicates if you are still plugged in at the dock

Power Indicator Light on both ends

- Informs you that power is flowing through the cord

Secondary lock for added security

- When engaged, the jaws cannot release

Universal Connection

- Connects to any brand, NEMA configured inlet
- Meets and exceeds the rigorous UL testing standards

EEL ShorePower Cordsets

All EEL ShorePower Cordsets incorporate the highest quality, marine-grade construction for which Marincos is known:

- Watertight molded plug and connector ends for safety and durability
- Heavy-duty, super flexible marine grade cable (30 Amp 10 gauge, 50 Amp 6 gauge)
- Corrosion-resistant, nickel-plated contacts
- Available in yellow or white and a variety of lengths
- cULus approval

| | Length | Color | Item # |
|---|--|--------|------------------|
|  <p>NEMA L5-30R 30A 125V Locking</p> | 30 Amp EEL Cordsets | | |
| | 12 ft | yellow | CS30-12 |
| | 25 ft | yellow | CS30-25 |
| | 50 ft | yellow | CS30-50 |
| | 50 ft | white | CS30-50W |
|  <p>NEMA SS-1 50A 125V Locking</p> | 50 Amp 125 Volt EEL Cordsets (3-Wire) | | |
| | 25 ft | yellow | CS503-25 |
| | 50 ft | yellow | CS503-50 |
|  <p>NEMA SS-2 50A 125/250V Locking</p> | 50 Amp 125/250 Volt EEL Cordsets (4-Wire) | | |
| | 25 ft | yellow | CS504-25 |
| | 50 ft | yellow | CS504-50 |
| | 50 ft | white | CS504-50W |

EEL ShorePower Pigtail Adapters

EEL ShorePower Pigtail Adapters enable you to connect from one dockside receptacle (or other power source receptacle) to one boatside inlet or equipment of dissimilar power configuration. In addition to the EEL ShorePower system, the Pigtail Adapters incorporate the highest quality, marine-grade construction for which Marincó is known:

- Sealing collar (where applicable) to create a weatherproof seal when joining cables together
- Heavy-duty, super flexible marine grade cable (30 Amp 10 gauge, 50 Amp 6 gauge)
- Watertight molded plug and connector ends for safety and durability.
- Corrosion-resistant, nickel-plated contacts
- Suitable for use in wet locations

| Item # | BOAT SIDE | | DOCK SIDE | |
|----------|---|--|---|--|
| | FEMALE CONNECTOR Attaches to boat inlet or cordset | | MALE PLUG Attaches to dockside receptacle or cordset | |
| P15-30 | | | | 15A 125V Straight Blade w/ Locking Screw |
| P30-15 | | | | 30A 125V Locking |
| P503-30 | | | | 50A 125V Locking |
| P30-503 | | | | 30A 125V Locking |
| P30-504 | | | | 30A 125V Locking |
| P504-30 | | | | 50A 125/250V Locking |
| P504-503 | | | | 50A 125/250V Locking |

EEL Y-Adapters

EEL ShorePower Y-Adapters enable you to split one dockside receptacle between two boat inlets of similar or dissimilar power configurations. In addition to the EEL ShorePower system, Y-Adapters incorporate the highest quality, marine-grade construction for which Marinc is known:

- Sealing collar to create a weatherproof seal when joining cables together
- Suitable for use in wet locations
- Watertight molded plug and connector ends for safety and durability.
- Heavy-duty, super flexible marine grade cable (30 Amp 10 gauge, 50 Amp 6 gauge)
- Corrosion-resistant, nickel-plated contacts

| | | 2-50A 125/250V Locking w/ Sealing Collar System | 50A 125/250V Locking |

EEL ShorePower-Style Straight Adapters

EEL ShorePower-Style Straight Adapters are high-quality, one-piece adapters used much like Pigtail Adapters. However, they do not have sealing collars and are not recommended for use in wet locations. Use only in an enclosed, dry location, such as powering your boat from a 15A power receptacle inside your house. EEL ShorePower-style Straight Adapters add the following improved features:

- LED power indicator
- Ergonomic design for easier gripping
