

product specifications for:

DC connectors

Item #: 12VPG

Description

Sealink plug, 12 volt

Electrical Specifications

12V, 10A

Material Specifications

Housing Material: Nylon; Contact Material: Brass

Terminals

Accommodates 16 AWG wire.

Strain Relief

Internal, clamp style, for 16/2 wire.

Indicator Light

Red LED, Provided.

Mechanical Specification

Overall Design: Provided with weather resistant cord seal. Also has sealing ring to provide with weather resistant seal when mated with Marincos Sealink receptacle (cat. no. 12VRC). Plug locks into receptacle to prevent inadvertent disconnection; disengages when plug is rotated 30°.

Fuse

10 Amp AGC (1-1/4" X 1/4") provided inside unit.

CAUTION: A 10 amp fuse is provided. If your wiring is smaller than 16 gauge or if the equipment manufacturer recommends a different size fuse, install the appropriate size fuse before using the plug. Do not use a fuse larger than 15 amps. Reversing positive and negative wires may damage equipment.

Dimensions shown in inches.
