

THE ORIGINAL DO-IT-YOURSELF KEEL PROTECTOR

Protect Your Investment Against Sand, Rocks, and Ramps

Megaware KeelGuard® Patented Engineering

Every aspect of the patented Megaware KeelGuard® has been designed with boat designers and 3M® engineers. Many factors contribute to its success. A precise, abrasive-resistant blend of polymers and urethanes achieve optimal durability and pliability. A pressure-sensitive adhesive creates strength, while permanently bonding and sealing Megaware KeelGuard®'s contoured edges to the hull surface. Angled grooves produce hydrodynamic channels, creating air pockets and providing a slicker surface. The perfect combination of these factors makes the Megaware KeelGuard® the easiest keel protector to install, and gives it unparalleled quality and dependability.

Megaware KeelGuard® Colors and Sizes

Megaware KeelGuard® comes in 11 great looking colors to match virtually any boat. All colors are UV-stabilized for true color that lasts a lifetime. Megaware KeelGuard® is available in nine standard lengths or can be ordered in custom lengths.

White Light Gray Gray Charcoal Black Almond Sand Yellow Red Blue Hunter Green
