

# PROTECT AND CUSTOMIZE YOUR PONTOON

Protect Your Investment Against Docks and Obstacles

## Megaware Engineering

The Megaware PontoonGuard® incorporates a 3M® reflective strip to enhance the visibility of the pontoon in nighttime or low-light conditions when illuminated by a light source such as headlights or search lights. This can be useful either on or off water while beached, anchored, trailered or parked.

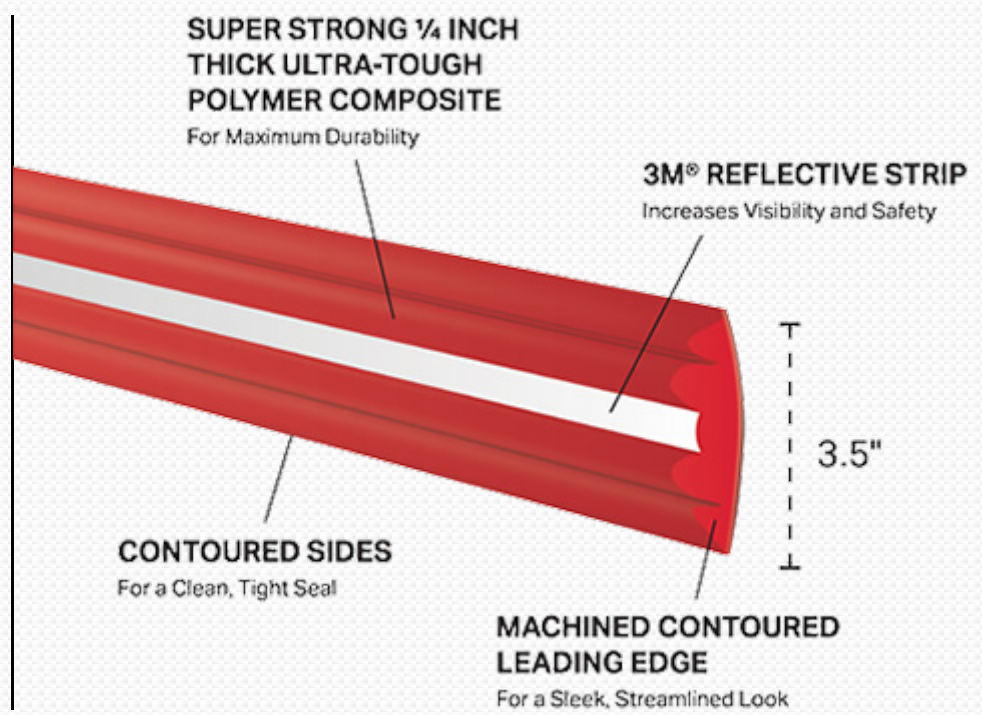

**Protect Vulnerable Areas**

**Increase Vessel Visibility**

**Add a Custom Sleek Look**

## Megaware PontoonGuard® Sizes and Colors

Megaware PontoonGuard® is available in two lengths and comes in 4 great looking colors to compliment your pontoon. All colors are UV-stabilized for true color that lasts a lifetime.
