

White All-Round Navigation Lights - Removable Plug-in Mount

2-mile (USCG 2nm) Certified

Use on Power Driven Vessels Under 20m (65.6 ft.) in Length

- Material: Polymer Top and Collar with Clear Fluted Lens, Frosted Top, and 3/4" Aluminum Tube
- Contacts: Gold Plated
- Voltage: 12V (Bulb Included)
- Wattage: 9 watts
- Amperage: .69 amps
- Base (2-Pin): Locking collar fits Figs.1045, 1046, 1047, 1059, & 1060 bases
Threaded collar fits Fig. 1048 base

Features: The Reduced Glare advanced globe design helps preserve night vision by reducing the amount of light wasted outside of the visibility zone and offers improved visibility when in rough water and from above.

Retail Pkg.: **Delta Series** - Universal replacement lights are designed to fit most other manufacturers' bases. They feature two collars (one threaded and one locking), two interchangeable globes (one reduced glare and one full output), two screw positions, and an adjustable head (wide 40°). Adjustability of the globe allows for proper horizontal alignment regardless of base configuration. Delta's list of features put it in a class by itself. **No Other** pole light system offers more.

OEM Bulk Pkg.: **Coastal Series** - These lights have fixed pole light heads with either 0° or 5° pole rake and single locking or threaded collar.
