# BUNGEE ANCHOR LINE INSTRUCTIONS

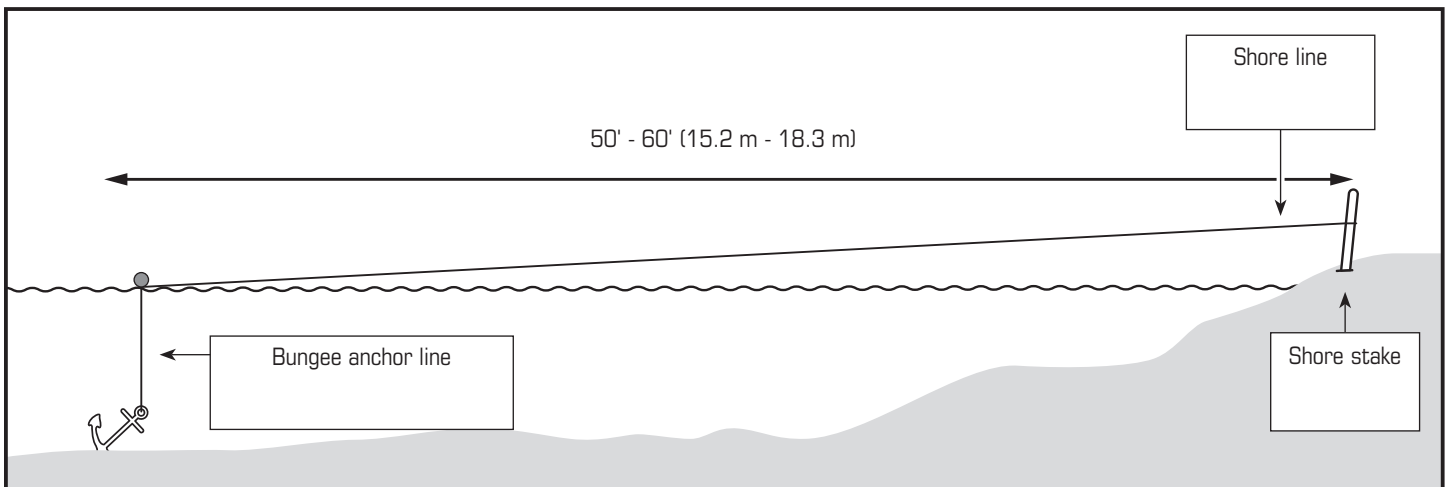

1. Set anchor approximately 50' - 60' from shore.

2. Secure rope to stern and shore stake and pull boat to shore. Tie off and board/deboard, load/unload vessel.

3. Release portion of shore line and allow vessel to be pulled back to deeper water. Make sure the shore line is still secured to the stake.

OPTIONAL - Save your spot by using the Bungee Anchor Line and a buoy attached to the shore line.

The Bungee Anchor Line can be permanently secured to the bottom and identified by the buoy.

Use the Bungee Anchor Line in line with your anchor line to allow you to anchor in any depth or distance from shore.
