THE CLEVER INVENTION – MADE IN GERMANY.

NEVER AGAIN SLIPPING, FALLING or BREAKING GLASSES: thanks to the smart silvy system, glasses now withstand curvy rides, braking, swell or other vibrations. In addition, silvy offers completely new, space-saving storage solutions.

silvy system – simply attractive

Elegantly and perfectly integrated magnets

Whether high-quality plastic drinking cups or classic crystal glasses – the magnets used in the glasses find their perfectly balanced counterpart in the metallic gel-nano-pads. These adhere to nearly all surfaces, can be removed without leaving any residue, are washable and can therefore be used over and over again. silvy drinking cups and crystal glasses are fixed as if by magic.

The silvy metal strip also provides completely new storage solutions with an eye-catching guarantee. Become a silvy fan and convince yourself of THE invention – MADE IN GERMANY.

SIMPLY ATTRACTIVE

Discover now the wide-ranging purposes of silvy MAGNETIC DRINKWARE. Whether on the high seas, while camping and travelling or even in your home – you will love silvy.

Our young start-up from Bavaria is currently revolutionizing the worldwide glass market – accompany us on our magnetic journey. We look forward to your comments, photos and reviews.

Your team from silvy MAGNETIC DRINKWARE.

silvy discovers the world

Relaxed travelling with silvy. Whether in the motorhome, camper, van or caravan – silvy provides a new stress-free feeling on holiday. Nothing is more annoying in your free time than puddles, stains, broken pieces or rattling noises. Colorful, shatterproof drinking cups or fine crystal glasses – there is certainly something to suit all tastes.

A real eye-catcher – clever at the same time

The long-awaited holiday is just around the corner, the last things are packed into the camper and you are faced with a well-known problem: the storage space is limited and the crockery has to be stored unbreakably. With silvy magnetic glasses, there is now a clever solution. On the non-slip nano metal gel pads your glass won't shake even on the roughest country road thanks to its integrated magnet.

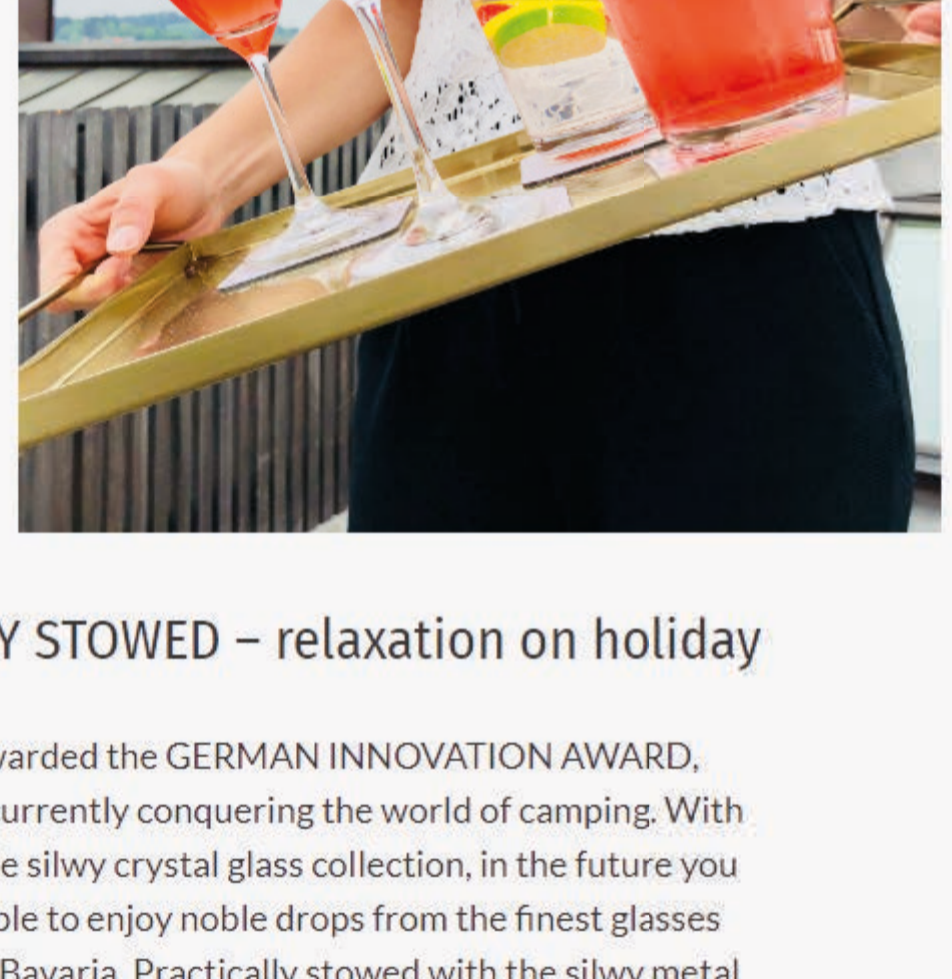

With silvy, you can now store your glasses in a very practical and space-saving way. Upside down, vertically or horizontally – in addition to the actual benefit, this also looks SIMPLE ATTRACTIVE and always ensures THE HIGHLIGHT at the campsite. silvy also masters bumpy rides, curves and braking without any problems. Try it out and become a silvy fan.

Tip: the silvy metal strip with anti-slip coating for easy fixing of the magnetic glasses without annoying drilling or screwing.

silvy – this is how it works

Shatterproof drinking cups and the finest crystal glasses are refined with a perfectly integrated and encapsulated magnet. These magnets attract each other in exactly the right and perfectly coordinated power to the silvy METAL-NANO-PADS, the silvy metal strip or metal mat. These fix and stabilize the magnetic glasses and cups as if by magic. Pretty smart, isn't it?

Whether an economical road trip or luxury camping? No matter in which world you feel at home – silvy magnetic glasses are always a clever companion. So you kill three birds with one stone: no more glasses falling over, you can stow your dishes in a very space-saving way and all that looks extremely stylish.

SAFELY STOWED – relaxation on holiday

Being awarded the GERMAN INNOVATION AWARD, silvy is currently conquering the world of camping. With the stable silvy crystal glass collection, in the future you will be able to enjoy noble drops from the finest glasses Made in Bavaria. Practically stowed with the silvy metal mat, our glasses and drinking cups are stable and provide a relaxed, comfortable travel feeling. Convince yourself of THE innovative idea – MADE IN GERMANY.

The silvy metal mat can be cut to size with household scissors. Due to the special gel adhesive coating, it can be removed as often as required without leaving any residue.

silvy Metal-Nano-Pads for Magnetic Drinkware

silvy METAL-NANO-PADS adhere to nearly all surfaces. Due to the gel adhesive film – especially developed for silvy – they can be removed without leaving any residue, washed off and reused over and over again. The silvy METAL-NANO-PADS are included in every magnetic glass set.

The holding force is balanced in such a way that the magnetic glasses are well fixed even during winding journeys – but can still be removed easily. Become a silvy fan and convince yourself of our simply attractive invention.

MUST-HAVE for BOATING-, YACHTING- and SAILING-FANS

Welcome to the simply attractive world of silvy MAGNETIC DRINKWARE. NEVER AGAIN FALLING, SLIPPING or RATTLING GLASSES. Thanks to the sophisticated magnet system, silvy keeps its promise. It offers completely new, highly space-saving and clever storage solutions at the same time.

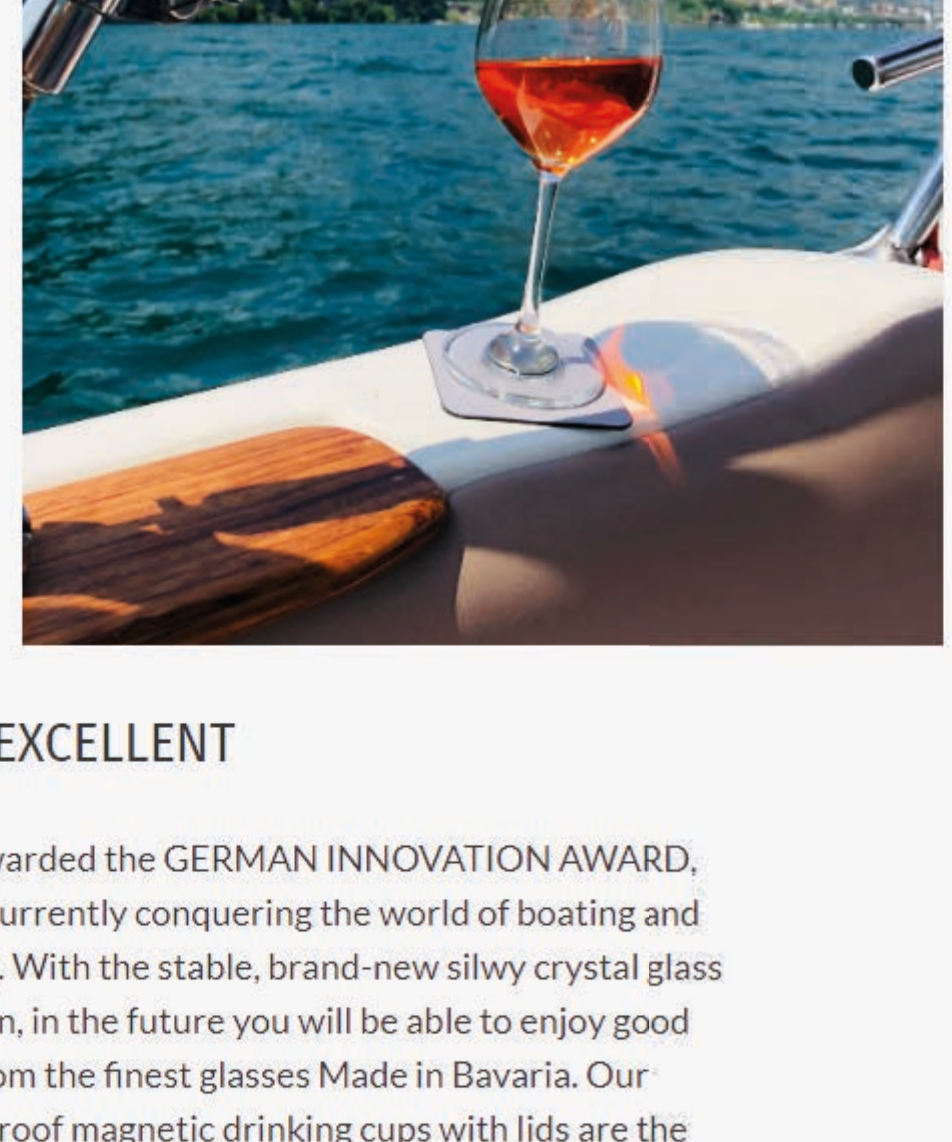

silvy LOVES the HIGH SEAS

Sun, sea and cool drinks. With silvy, your next trip on the high seas will be even more relaxed. Now you can enjoy your favorite drink from the finest crystal glasses. Moreover, there are completely new storage solutions with an eye-catching guarantee – no matter whether upside down, on the wall or on the ceiling:

You will love silvy. Promised!

Real crystal glasses and swell are usually not a good combination. But the silvy magnetic glasses withstand the strongest waves. On the non-slip nano metal gel pads, the beautifully integrated magnet prevents the glasses from shaking, even on lively boat trips. With silvy, you can enjoy your wine, beer or cocktail from the finest crystal glasses.

Of course, the metallic gel coasters can be removed easily and without leaving any residue, so that a spontaneous change of location is unproblematic. Even the surface on which you place them does not need to be completely smooth – rough rocks on a remote island are just as suitable as the wooden table on deck. That's clever functionality, modern design and best quality Made in Germany.

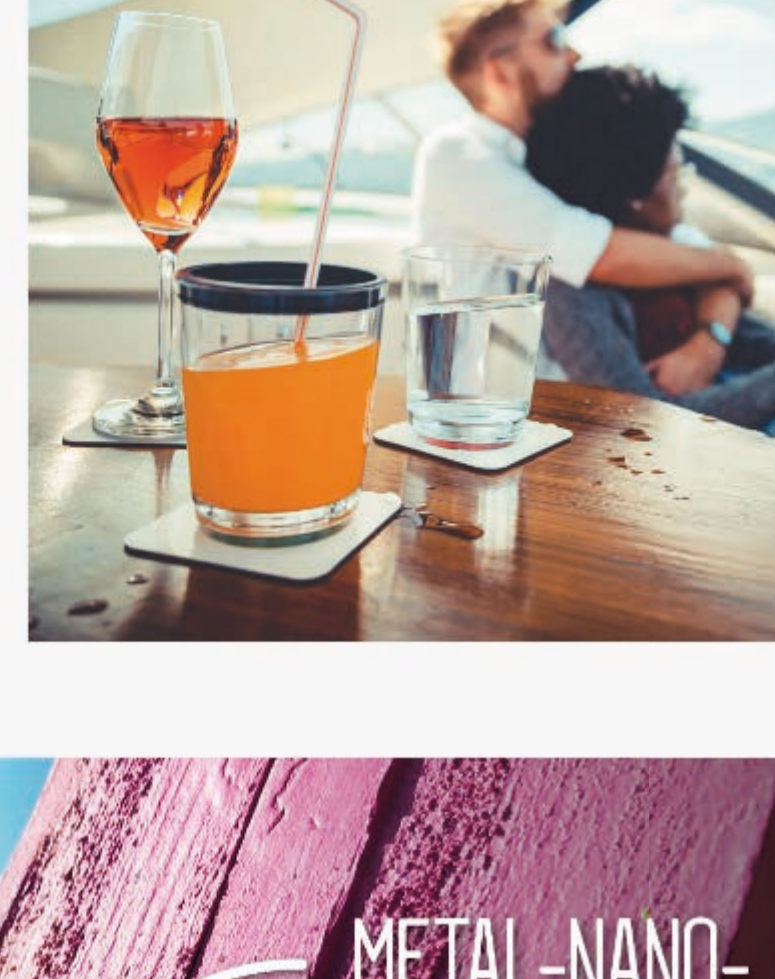

silvy EXCELLENT

Being awarded the GERMAN INNOVATION AWARD, silvy is currently conquering the world of boating and yachting. With the stable, brand-new silvy crystal glass collection, in the future you will be able to enjoy good wines from the finest glasses Made in Bavaria. Our shatterproof magnetic drinking cups with lids are the clever companions for all those who prefer to make use of plastic glasses in the highest quality. Convince yourself of THE innovative idea – MADE IN GERMANY.

silvy metal pads for magnetic drinkware

silvy METAL-NANO-PADS adhere to nearly all surfaces. Due to the gel adhesive film – especially developed for silvy – they can be removed without leaving any residue, washed off and reused over and over again. The silvy METAL-NANO-PADS are already included in the scope of delivery of every magnetic glass set. The adhesive force is balanced in such a way that the magnetic glasses are well fixed, even there is a heavy well – but can still be removed easily.
