

Why HD-TVI?

With HD-TVI you can experience High Definition video without replacing cables or changing to IP. **KEEP YOUR COAX** and existing wiring infrastructure and enjoy a smooth and cost-effective transition to HD over coax with Speco's HD-TVI cameras, DVRs, Wall Mounts and Kits! Our full 1080p HD-TVI cameras are also available with Speco's industry renowned Intensifier® technology. Choose Intensifier® T and see color in low-light conditions when updating your analog system to HD.

Intensifier® Technology

Why Intensifier®?

Intensifier® technology is extremely beneficial when used in both indoor and outdoor applications that have poor lighting conditions. Speco Technologies' industry renowned Intensifier® technology is now available in both IP and HD-TVI in high definition. These cameras not only present a stellar color image with ample light but with just a small light source, Intensifier® technology amplifies that light into a vivid color image in HD resolution. Speco says "Let there be light! with our industry leading Intensifier® cameras".
