

HAND AUGER

Owner's Manual

Lazer™
Synthetic
Ultra-lite

Lazer™

Mora®

⚠ ATTENTION: PRIOR TO FIRST USE ⚠

It is recommended that everyone who uses this product read the StrikeMaster Hand Auger Owner's Manual.

CHECK BLADE SCREWS BEFORE AND AFTER EACH USE TO MAKE SURE THEY ARE TIGHT.

For best results exert firm pressure downward. **DO NOT ATTEMPT TO FORCE AUGER TO CUT.** If auger does not "Bite" on contact with the ice, check for dull or damaged blades.

STRIKEMASTER[®]

Ice Augers

Ice Fishing has become one of the fastest growing and most popular winter sports, allowing the ardent angler the opportunity to enjoy their favorite outdoor activity.

StrikeMaster[®] Ice Augers are the finest ice cutting tools ever made for sport fishermen.

With proper care and use these augers will give years of satisfactory service.

The "SUPERIOR" cutting blades on StrikeMaster[®] augers are razor sharp and will operate until they become dull or damaged. If dull or not too severely damaged, the blades on the Mora hand augers can be hand honed to extend blade life.

We know that you are anxious to go fishing and use your new hand ice auger, but before you go fishing, it is important and to your advantage to spend a few minutes getting acquainted with your new StrikeMaster[®] hand auger. There is no better way to acquaint yourself with the product than to read the Owner's Manual and operating instructions. A few minutes spent studying this manual before your first ice fishing outing will be time well spent.

Check-mark the model type and record the purchase date in the space below.

! ATTENTION !

! THIS SYMBOL POINTS OUT IMPORTANT SAFETY INSTRUCTIONS WHICH IF NOT FOLLOWED COULD ENDANGER THE PERSONAL SAFETY AND/OR PROPERTY OF YOURSELF AND OTHERS. READ AND FOLLOW ALL INSTRUCTIONS IN THIS MANUAL AND ANY PROVIDED WITH OR ON THE EQUIPMENT ON WHICH THIS ENGINE IS USED BEFORE ATTEMPTING TO OPERATE YOUR STRIKEMASTER[®] ICE AUGER.

⚠ IMPORTANT SAFEGUARDS ⚠

It is recommended that everyone who uses this product should read this StrikeMaster Owner's Manual before operating.

1. The cutting blades on the ice augers are razor sharp. Use extreme care when handling.
2. Use caution when removing or replacing blade guard.
3. Use caution when replacing auger blades.
4. Always keep blade guard on auger except when in use.
5. The use of this auger by children is not recommended.
6. After use, the auger blades should be wiped dry and oiled to extend auger life.
7. The manufacturer recommends that all StrikeMaster® hand augers be used for ice cutting only.
8. CHECK BLADE SCREWS BEFORE AND AFTER EACH USE TO MAKE SURE THEY ARE TIGHT.

⚠ OPERATION ⚠

Best results can be obtained by exerting firm pressure downward. The auger is designed to “Shave” the ice, therefore minimum force should be required to operate providing the blades are sharp and in good condition. When cutting old holes use light pressure on the auger to prevent excess drag. Should some difficulty be encountered, try tipping the auger a few degrees to one side to change the angle of attack. Cutting can be made easier by penetrating just a few inches and then cleaning the hole of chips before cutting further.

DO NOT ATTEMPT TO FORCE AUGER TO CUT

If auger does not “Bite” on contact with the ice, check for dull or damaged blades.
