ice fishing gear

ICE FOR ICE
HARD FOR HARD WATER

not it's for everyone.

Ice anglers are a special breed. Facing the tough conditions with fervor. At Ice Force, we are right there, challenging the elements head on, creating, testing and offering gear we know matches your desire to overcome the demands.

LITHIUM 40v BATTERY AND CHARGING BASE

“eight reasons to choose the lithium 40v over the others.”

- 1) BUILT FROM THE GROUND UP**
with the features that make a difference on the ice, the new StrikeMaster® Lithium 40v combines decades of ice auger experience with leading edge design and power engineering.
- 2) MUSCLES THROUGH ICE HOLE AFTER HOLE**
*100 holes - 8" auger on a single charge**
*70 holes - 10" auger on a single charge**
- 3) 40-VOLT, 5-AMP HOUR LITHIUM ION BATTERY**
powers an electric DC brushless motor for reliable, constant speed and torque.
- 4) PLANETARY GEAR SYSTEM**
provides lightweight durability and high power density for unmatched performance.
- 5) INNOVATIVE HIGH-PERFORMANCE CUTTING**
via the legendary StrikeMaster® Lazer™ blades provide the fastest cutting edge, period.
- 6) CUSTOM IMPACT-RESISTANT HANDLES**
with ergonomically placed opposing deadman/ power switch and built-in LED lights.
- 7) FORWARD/REVERSE CONTROL**
Runs in forward for cutting and reverse to flush slush from hole.
- 8) 2-AMP RAPID CHARGE BATTERY CHARGING STATION**
Charges battery back to full charge in 2-1/2 hours.

LFV-CB	Lithium 40v Charging Base

(see next page for specs and complete details)

*Based on repeated tests with 16" of ice.

NDA-2

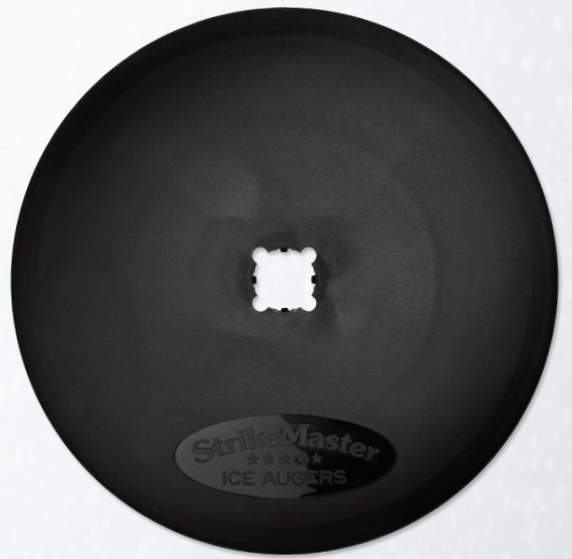

NDA-1

cordless drill adapter for auger drills

Turn any professional quality 18v cordless electric drill into a portable, lightweight and efficient power ice auger that makes fast work of any depth of ice.

- NDA-1 Adapter for hand auger drills - min. 3/8" chuck
- NDA-2 Adapter for power auger drills - min. 1/2" chuck

flange for cordless drill adapter

A safety shield in the rare instance that your drill's chuck releases your auger. 8" diameter, made of lightweight polyethylene. FND
Compatible with NDA-2 only

With 70 years experience StrikeMaster® knows about true power. Brawn without the weight, StrikeMaster® augers provide historical as well as technical experience to every auger we offer.

BAIT BUCKET

The perfect solution for fast and efficient fishing. This water-tight, insulated, refrigerator safe bucket has rubber gasket in lid for splash-proof, air tight seal – removable for long-term bait storage. Removable handle. 5" diameter x 7" deep.

MODEL NO.	DESCRIPTION
RBBU	Bait Bucket

BAIT PUCK

Crush proof protection for your maggots, waxworms, mousies and other creatures. Insulated to maintain perfect temperature. Refrigerator safe. 3" diameter x 1" deep.

MODEL NO.	DESCRIPTION
BP-1	3" Bait Puck 2 Pack: 1 Red/1 Yellow
BP-1-BULK	3" Bait Puck 36 Count assorted mix of Red & Yellow
BP-2	5" Red Bait Puck II

BAIT PUCK PLUS

Two-sided version of the reliable Bait Puck. With just a flip of the wrist the bedding (sawdust) separates from the bait, purposely exposing your waxies, maggots, etc. Refrigerator safe. 3" diameter x 2-1/4" deep.

MODEL NO.	DESCRIPTION
BP-P	Yellow Bait Puck Plus

LAZER™ ICE AUGER BLADE SHARPENER

Great tool for field sharpening damaged blades. Keeps your auger performing at its peak for the day. Simply draw sharpener across auger blades several times to temporarily restore the cutting edge.

MODEL NO.	DESCRIPTION
CS-1	Lazer™ Ice Auger Blade Sharpener

GLIDE-LITE SLED

The super-duty but jaunty Glide-Lite gathers ice fishing's essentials and takes them on the road...and across the frozen lake.

- Vertical rod holders molded into the base for quick access
- Removable seat cover fits on 5 or 6 gallon buckets
- Main compartment for flasher, underwater camera, other gear
- Rugged roto-molded body stands up to freezing temperatures

MODEL NO.	DESCRIPTION
GL-1	Glide-Lite Sled

Bucket, rope and gear NOT included.

REPLACEMENT PARTS

Using the original manufacturer replacement parts ensures long-life.

lithium shuttle **new**

Add the long-life power of Lithium ION to your MarCum® sonar units. Compact, lightweight and long-lasting, the Lithium Shuttle, powered by a 12-volt 12-amp hour Lithium ION polymer battery, can extend your unit's continuous run time up to 40 hours. Designed for the new MarCum® M-Series and the LX-6s & LX-7 sonar systems.

Marcum
TECHNOLOGIES

m series

The most advanced flasher-sonars ever built, the MarCum® “M” Series offers brushless, dead-quiet operation with dazzling bright and crisp color definition of bottom, fish, baitfish and your lure, all illuminated on the highest resolution display available in a commercial grade flasher.

new

M1 System

With advanced features like split screen zoom, patented interference rejection and 1000 watts of expertly managed output power you'll always know if you're angling for a school of bait fish or the "catch of the day" M1

new

M3 System

MarCum calls it "Total System Performance." While it proudly delivers the highest output power in its class, it intelligently manages this wattage to work in concert with the precision tuned transducers and operating systems. M3

new

M5 System

Acute .75-inch target separation distinctly identifies each individual object on the screen, so you can clearly discern the minuscule separation of a bluegill about to kiss your ice jig. M5

lithium shuttle combos new

A perfect example of the whole is greater than the parts. Simply combining the power performance and features of the new MarCum® Lithium Shuttle with the new MarCum® “M” Series sonar units instantly takes the game to a new pinnacle. Two preferred digital series units are also part of this winning team. Each combo includes Sonar System, Lithium Shuttle, Charger, User Manual and 5-gallon Transit Bucket.

(see pages 26/27 for specs and complete details)

recon 5 & 5+

The larger than life technology MarCum® is famous for, all packed into a pocket sized unit. Both models offer 5" hi-res color LCD flat panel widescreen with 16:9 aspect ratio for a 110° view of the world below. CMOS sensor camera features darkwater LED and infrared lighting technology that allows you to choose the best light for conditions and time of day. The Recon 5+ offers built-in DVR for recording the action of your record catch.

(see page 28 for specs and complete details)

RC5

RC5P

*Includes Camera Sack, MarCum® Red Carrying Case and USB Charger System
Internal rechargeable Lithium Battery provides up to 6 hours continuous run time.*

Color Kill Technology affords the best possible image in color and black and white

High resolution flat panel LCD delivers superior screen detail

On-Screen Display Technology delivers critical information: Temp, Depth and Battery Status

Direction on-screen indicator displays the direction that the camera is pointing

MarCum® electronics lead the industry in development and innovation, resulting in superior performance and outcome.

TECHNOLOGIES

**THREE CAMERA
VIEW ANGLES**

STRAIGHT DOWN

HORIZONTAL

LOOKING UP

MarCum enters the world of GPS in grand fashion! The RT-9 display features Full 3D Navionics[®] Mapping compatibility with access to the sensational Navionics[®]+ Community.

Built on the Android Platform, the Touchscreen tablet offers the ultimate in portability. Internal power for handheld operation, the unit also runs Android apps, movies and games.

Modular concept allows users to build their own system. With three data ports, the user can start with MarCum's Ice Sonar, then add an Open Water Sonar or Camera Module later.

The Sonar Module delivers the full feature set found in MarCum's Digital Series systems. Multi-dimensional selectable views include traditional flasher, vertical or chart.

The Camera Module feeds in a live glimpse of the world below. Full on-screen display of temperature, depth, and direction overlay the sharpest underwater imaging. Built-in DVR.

With multiple Sonar Modules, user can view multiple holes on one display. Operating and displaying independently, the RT-9 can simulcast sonar or camera signals from 3 locations.

RT-9 GPS TOUCHSCREEN TABLET

9" Ruggedized Android Touchscreen Tablet w/GPS. Full GPS and Navionics Map Chip compatibility. Accepts ice, openwater sonar and underwater camera modules. **RT-9**

RT-9 PERFORMANCE PACK

RT-9 CAMERA MODULE KIT

Sony Super HAD II, 1/3" CCD Sensor Color Camera with OSD (Relative Direction, Depth and Temp). Includes camera panner. **CMK-75**

PORTABLE

MOUNTED

HANDHELD

EASY-TO-USE OPERATING SYSTEM WITH NAVIONICS[®] MAPPING SOFTWARE KEEPS MARCUM USERS AT THE LEADING EDGE.

RT-9

RT-9 rugged tablet system

Created with the avid angler in mind, the RT-9 System approach allows each angler to create a tool that precisely fills their needs. The foundation for the system is the RT-9 GPS Touchscreen Tablet, internal Lithium ION battery and full GPS and Navionics chip capability. Connect MarCum's legendary Ice Sonar, Underwater Sonar & Underwater Camera when and where you need them. Employ all three and simulcast realtime from three feeds on one screen.

(see page 28 for specs and complete details)

“we fish for thrills,
we fish to outwit.
the right tools deliver the
potential for both.”

ICE FORCE
PROVEN HARDWATER GEAR

MPC01

wireless pancam camera system

Take complete control of your underwater camera from up to 300 feet away. Check tip-ups, visit your neighbor's shack, all while you keep "an-eye-on-the-action." Remotely pan the camera 360°; adjust the lighting, snap still images or record video, then instantly save them to your video and photo libraries...even post to social media.

(see page 29 for specs and complete details)

peak performance

Keep your equipment operating at it's best with original MarCum® parts and accessories.

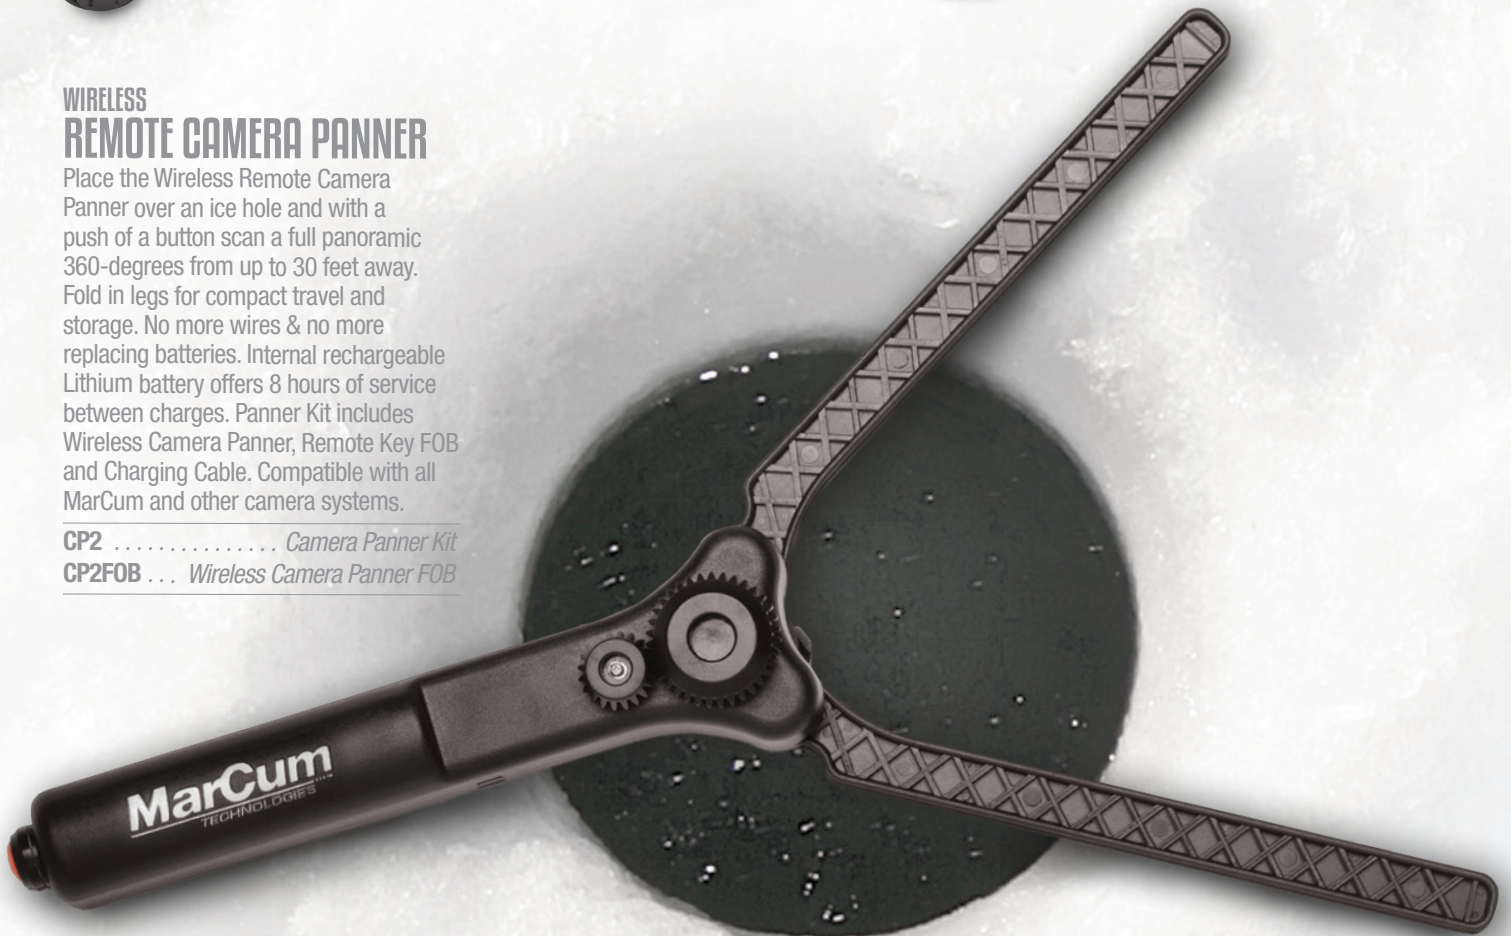

UNIVERSAL SONAR 12V POWER ADAPTER

Eliminate draining the on-board battery of your sonar unit when you have access to a 12V power source - like those found in wheelhouses, ATVs and boats. Compatible with all MarCum® Sonar units (M-Series, LX-Series, I-Series & RT-9) PWA12V

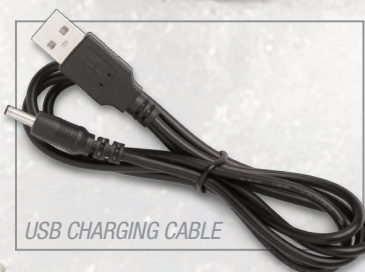

WIRELESS REMOTE CAMERA PANNER

Place the Wireless Remote Camera Panner over an ice hole and with a push of a button scan a full panoramic 360-degrees from up to 30 feet away. Fold in legs for compact travel and storage. No more wires & no more replacing batteries. Internal rechargeable Lithium battery offers 8 hours of service between charges. Panner Kit includes Wireless Camera Panner, Remote Key FOB and Charging Cable. Compatible with all MarCum and other camera systems.

RSSPTC

pinch tool combos

The key to success on any day fishing is keeping your line in the water. Make fast work of the nagging chores like trimming line, busting out jig eyes and changing hooks with these new stainless steel pinch tools. Lightweight and tough, each set boasts the right tools for the task at hand.

-
- RSSPTC *Stainless Steel Line Nipper, Stainless Steel Split Ring Tool, Stainless Steel Jig Eye Buster*
 - RSSPTCL *Stainless Steel Line Nipper, Stainless Steel Jig Eye Buster, LED UV Light, Neck Lanyard*
-

RSSPTCL

Rapala®

ultra light rippin' rap®

A loud, rattling lipless lure with a hard-action flutter on the drop.
Tall, skinny textured body with distinctive BB rattle system.

- new** ULRPR03 Variable Running Depth • 12 & 14 size hooks • 1-1/8" Length • 1/16 oz.
- ULRPR04 Variable Running Depth • 10 & 12 size hooks • 1-1/2" Length • 3/16 oz.

Rapala® jigging shad rap®

Precisely balanced, this large shad profile lure drops with a slow circle down action. Its pronounced movement is accented with choice of classic, glow and UV colors. Single reverse hooks fore and aft with center treble and line tie.

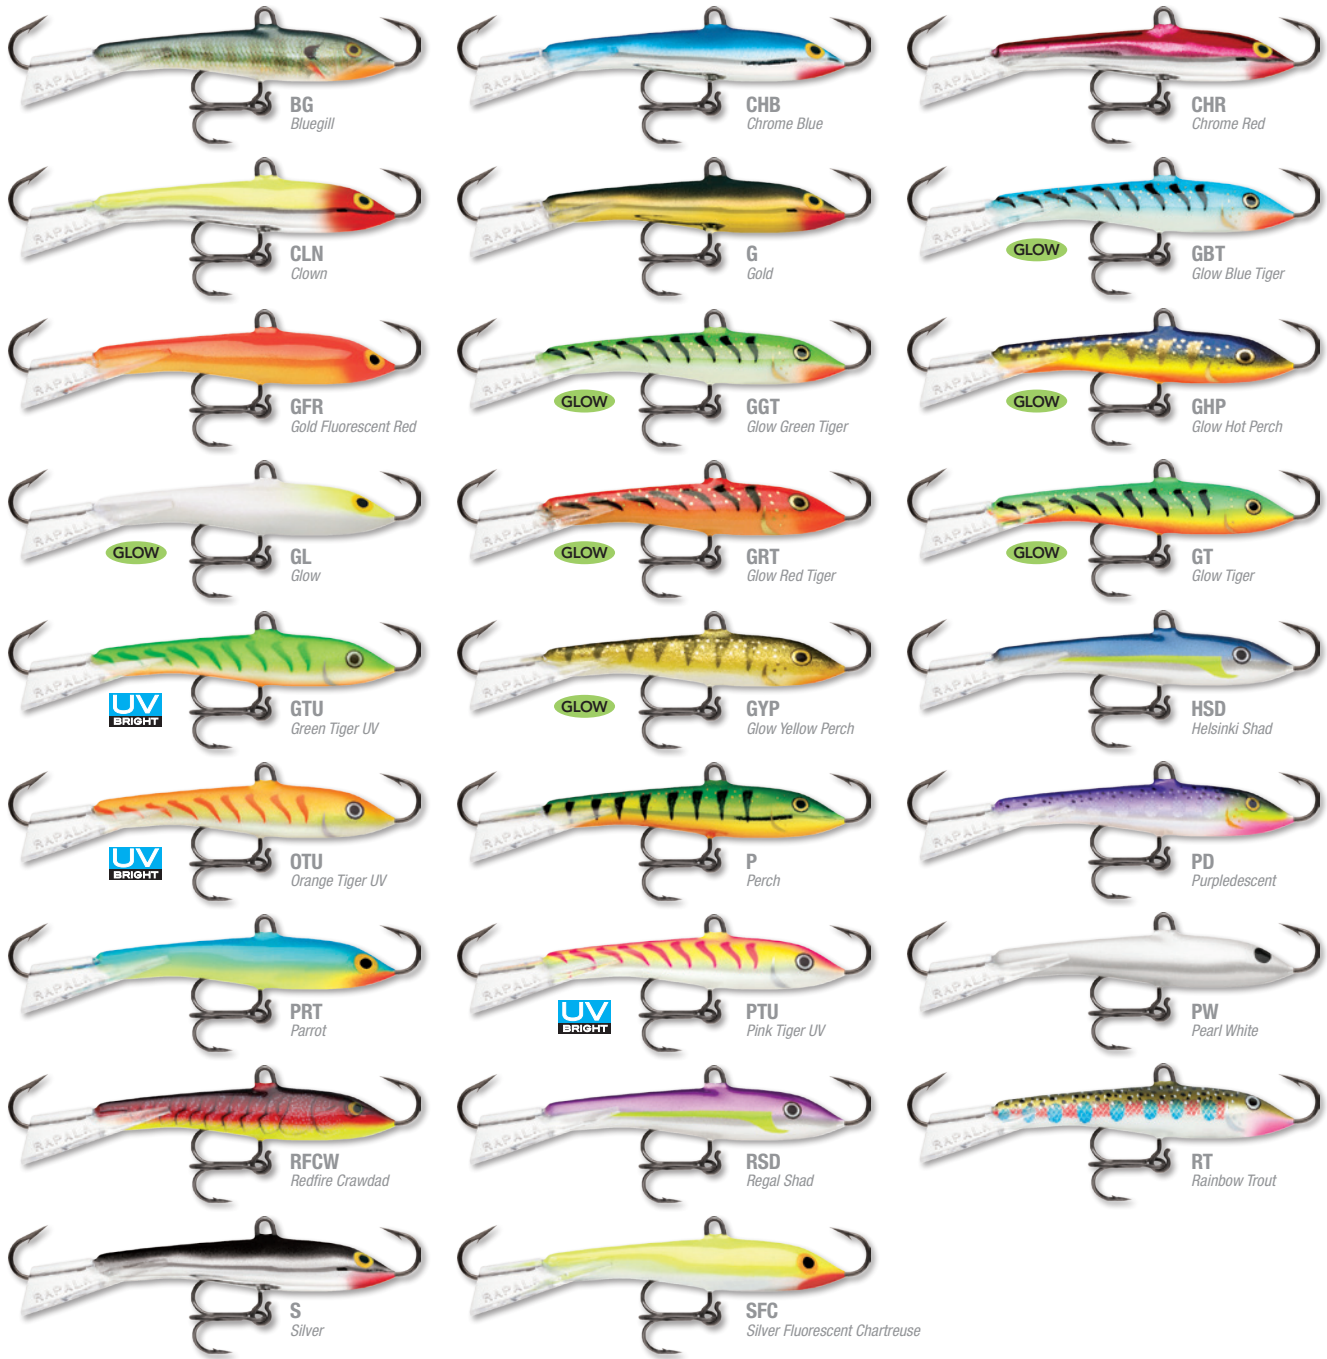

- WSR02 Variable Running Depth • 14 size treble hook • 1" Length • 1/8 oz.
- WSR03 Variable Running Depth • 10 size treble hook • 1-1/2" Length • 3/16 oz.
- WSR05 Variable Running Depth • 8 size treble hook • 2" Length • 5/16 oz.

Rapala® slab rap®

Uniquely designed to be fished a variety of ways. Quick rod snaps make the lure search in wide erratic directions, circling back to center after pause. Lift-drop motion creates subtle vibration on rise with an evasive side-to-side motion on the fall. Weight forward design enables a rocking action to trigger negative fish.

- SLR04 Variable Running Depth • 12 size hook • 1-1/2" Length • 1/8 oz.
- SLR05 Variable Running Depth • 12 size hook • 2" Length • 1/4 oz.

Rapala®

jigging rap®

After thirty plus years, it's still a number one seller. With a wide choice of sizes and more colors than anyone could possibly fish, the minnow shape combined with the tantalizing circling motion keep 'em in every tacklebox, winter and summer. There are countless ice lures on the market; this is the one they all want to be like.

- W2 Variable Running Depth • 14 size treble hook • 1-1/4" Length • 1/8 oz.
- W3 Variable Running Depth • 12 size treble hook • 1-1/2" Length • 3/16 oz.
- W5 Variable Running Depth • 10 size treble hook • 2" Length • 5/16 oz.
- W7 Variable Running Depth • 7 size treble hook • 2-3/4" Length • 5/8 oz.
- W9 Variable Running Depth • 6 size treble hook • 3-1/2" Length • 7/8 oz.

RAPALA® JIG BOX

Four-sided jig storage system. Use the hook clips and the slotted compression foam to organize your collection. High compression clips and waterproof seal keep inside dry.

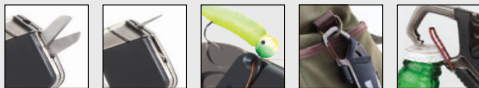

RJBM ... MEDIUM6.75" x 4.00" x 2.00"
RJBS ... SMALL4.75" x 4.00" x 2.00"

RAPALA® UTILITY BOX

Four-sided tackle storage system. Slotted and ribbed foam plus easy-open clear lid compartments keep gear organized and at hand. Compression clips and waterproof seal.

RUBM ... MEDIUM6.75" x 4.00" x 2.00"
RUBS ... SMALL4.75" x 4.00" x 2.00"

FISHERMAN'S MULTI-TOOL

Combines 5 of the most common used fishing tools in a pocket-sized champion. Die-cast metal frame and soft grip handle. Tools: Retractable Scissors, Retractable Jig Eye Buster, Multi-size Line Threader, Carabiner Clip and Beverage Wrench. **RFMT**

FLOATING AERATOR

Gently mixes air into water to keep bait alive and kicking. Water Activated Switch powers unit for 18-hour continuous run time or 36 hours in 15 minute interval mode. Aerates 1.5 liters (0.4 gal.) per minute. **RFLAERTR**
 Replacement Aerator Stone (2-pk) **RRAS2PK** new

Rapala essential ice tools

Classic to innovative, Rapala Ice Tools make time on the ice better.

34" MEGA SCOOP RETRACTABLE

Designed to remove maximum amount of slush, the handle extends from 15" to 34", eliminating need to bend over. Extremely lightweight with a fold-in scoop, the No.1 choice for ice trolling. Wrist lanyard.

..... **RMSCR34**

MEGA SCOOP

Large fold-in scoop removes the maximum amount of slush with a minimum amount of effort. Just the right length so you can scoop a hole without bending over. 34" handle features 30" ruler to easily measure ice depth. Adjustable wrist lanyard.

..... **RMSC34**

ICE SKIMMER WITH CHIPPER

Made from galvanized steel, traditional 5" strainer cup mounted to a brawny handlebar with hook easily keeps hole clean. Top end features an effective chipper.

..... **RISWC20**

TITANIUM SPRING BOBBER

Give unmatched sensitivity to any ice rod. Snap-Back Titanium design will not kink or break. Adjustable tension, hi-vis indicator bead signals even the lightest of bites. Fits most rods. 2 pack.

Medium Light Action . . . **RTISBML**
Ultra Light Action **RTISBUL**

Patent No.
US D175,988

RGC

RMGC

CHARGE 'N GLOW ROD MOUNT

Mounted to your rod handle for quick and convenient charging of glow baits. Ultraviolet LED's create peak brightness from glow baits. Fits like it's not there. Includes two-3V (CR2016) batteries. **RGRM**

CHARGE 'N GLOW

Rapidly charge glow spoons, soft baits and jigs.
ORIGINAL 28 lumens, 8 ultraviolet LED bulbs. 3 AAA batteries (not included). . . . **RGC**
MINI 4 UV LED bulbs. Quick release neck lanyard. 1-AAA battery (not included). . . **RMGC**

POWER FLASH

Powerful flash charges glow-in-the-dark lures in record time. Traditional styling, the unit quickly recharges itself. Compact design fits virtually anywhere. Operates on 2-AA batteries (not included). **9490-000-0000**

FMNHL

FPL

FISHERMAN'S LIGHTING

PINCH LIGHT Classic tool with locking on/off, 1 LED, 15 lumens, 20 hour run time. **FPL**
MINI HEADLAMP Headstrap or cap mount, pivots up/down. . . . 3 LED's, 20 lumens, Spot focus & 65° wide vision option. . . **FMNHL**

SOFT-SIDED 30" ROD BAG

Keep 4 rods together and safe in this water-resistant lightweight padded denier shell.

- Stores up to 4 ice rod & reel combos up to 30 inch
- Padded case for protection
- Interior storage pocket
- Adjustable shoulder strap

..... **RSSRB30**

DOUBLE BARREL 40" ICE ROD BAG

Transport up to 8 rods protected in tubing and lightweight denier bag. Two exterior pockets.

- Stores 6-8 ice rod & reel combos up to 40 inch
- Two PVC tubes for protection
- Two exterior zippered pockets
- Adjustable shoulder strap

..... **RDBRB40**

FOLDING PACK SHOVEL

Super light, but extra tough. This convenient, compact shovel is a "must" all winter long. Moves impressive amounts of snow every shovel full. Great to keep in trunk of car. Unfolds to 26". Easily folds down for storage into included 13" storage pouch.

..... **RFPSB**

62" TWO-PIECE ICE CHISEL

Designed to open and keep holes open all season long. Great for punchin' early ice and then reopening. Welded steel with foam coated handle for grip and shock resistance. Includes blade guard for safety. Rugged strap lanyard.

..... **MPCH2**

LOCK 'N HOLD ROD RACK

Holds up to 6 rods safely and securely in jaws designed not to deform or damage rods. Base grip holder takes pressure off rod eyelets. Mount in vertical or horizontal orientation (mounting hardware included). . . **PGRH-6**

MAGNETIC TOOL HOLDERS

Mount to wheelhouse walls, the inside of your sled or anywhere you use tools. Three models to choose.

- One Place Holder **MTH1**
- Two Place Holder **MTH2**
- Three Place Holder **MTH3**

ICE SAFETY SPIKES

Contoured finger grip handles offer secure grip on this survival tool for ice anglers. Hardened steel spikes penetrate the toughest of ice. Designed to wear around neck when in use, and to stow spikes inside handles for safety when not in use. **RSSK**

ONE-PIECE HAMMER CHISEL

Designed for precise, close-in work. Dual head has chisel for detail work and hammer for breaking free items frozen in. Includes blade cover & rugged strap lanyard. **RULMC**

all fisherman are created equal.

832[®] ADVANCED ICE BRAID

The strongest, most durable small diameter ice braid.

- Constructed of 8 fibers (7 HMPE fibers plus 1 GORE[®] Performance Fiber) with 32 weaves (pics) per inch
- GORE[®] Performance Fibers add incredible fray and abrasion resistance for unmatched durability
- HMPE fibers provide high strength & sensitivity
- Small diameter
- Hydrophobic water-repellent protection that resists freezing

TPJ

TWDJ

tungsten heavyweights new

Building on the success of VMC's introductory lineup of tungsten jigs, meet the new heavyweights. All are built to punch through slush, drop straight to the bottom faster than lead jigs, fish in an aggressive presentation and allow for a smaller presentation than lead weight equivalents. Three new shapes. Tons more action.

TUNGSTEN LUV BUG JIG

Fish fall head over heels for this new heart breaker. Life-like grub body with a thin profiled heart-shaped tail that shakes and waves as it drops in fast with VMC® tungsten jig head. Proven fish-catching colors and the enhanced Ultra Glow pigments.

MODEL NO.	PIECES	HOOK SIZE	WEIGHT
TLBJ132	2	10	1/32 oz.
TLBJ116	2	8	1/16 oz.

TUNGSTEN PROBE JIG

A dead ringer for small fry and minnows, the Trigger X® Probe body matched with tungsten jig head fishes with a subtle tail action fish find irresistible. The slightest line movement and it kicks into action. Traditional colors and Ultra Glow colors.

MINNOW JIG

The versatile VMC® Minnow Jig can be fished by bottom-pounding or as a precision balanced suspended presentation all times of the year. Addition of a dressed feather tail with flash fibers enhances the life-like minnow action. Holographic eyes and the wide variety of holographic attractor and live baitfish patterns increase your odds of catching more fish! VMC® Ultra Glow colors lasting up to 15 minutes mean more time underwater and less time out.

MODEL NO.	HOOK SIZE	LENGTH	WEIGHT
MNJ116	8	1"	1/16 oz.
MNJ18	6	1-1/4"	1/8 oz.
MNJ14	2	1-1/2"	1/4 oz.

TEAR DROP JIG

Nobody likes a cry baby! The VMC® Tear Drop Jig with over-sized holographic eye gets busy when fished with a float, dead stick or tip up. The unique wide profile and tear drop shape mimic fingerling-sized baitfish that active feeding predators seek out at all times of the year. Wide variety of colors in UV, natural baitfish, holographic finishes, and Ultra Glow pigments that last up to 15 minutes!

MODEL NO.	HOOK SIZE	WEIGHT
TDJ116	6	1/16 oz.
TDJ18	4	1/8 oz.
TDJ14	2	1/4 oz.

PUG BUG JIG

Resembling small insects and aquatic creatures that hatch from the depths. The exclusive VMC® Power Gap hook delivers a wider round gap greatly increasing your hook rate percentage. The flatter, wider body profile also enhances the sonar echo return making it easier to target desired depth. The precision balance is amplified by a 90° hook eye for the optimal horizontal position for a perfect strike angle! Ultra Glow pigments last up to 15 minutes per charge.

MODEL NO.	PIECES	HOOK SIZE	WEIGHT
PBJ164	2	12	1/64 oz.
PBJ132	2	10	1/32 oz.
PBJ116	2	8	1/16 oz.

WAXY JIG

The vertical presentation of the VMC® Waxy Jig replicates the natural small insects and aquatic creatures preyed upon by predatory fish. Raised body ridges give the Waxy Jigs a more life-like "bug" appearance and distribute contrast and flash more readily. Colors are offered in a variety of metallic and Ultra Glow colors giving anglers up to 15 minutes of continuous charge!

MODEL NO.	PIECES	HOOK SIZE	WEIGHT
WXJ1100	2	12	1/100 oz.
WXJ164	2	10	1/64 oz.
WXJ132	2	8	1/32 oz.
WXJ116	2	6	1/16 oz.

LARVAE JIG

Ready to fish right out of the package, each is pre-rigged with a Trigger X[®] Larvae soft bait. The innovative material attracts fish and maximizes taste and texture to ensure when fish bite they hold on. Exclusive VMC[®] Power Gap hook features a wider round gap greatly increasing your hook rate percentage. 90° hook eye ensures the optimal horizontal position for a perfect strike angle! Ultra Glow pigments last up to 15 minutes per charge.

MODEL NO.	PIECES	HOOK SIZE	WEIGHT
LVJ1200	2	14	1/200 oz.
LVJ1100	2	10	1/100 oz.
LVJ150	2	8	1/50 oz.

WAX TAIL JIG

Pre-rigged with the Trigger X[®] Wax Tail soft bait (also sold separately). The innovative Trigger X[®] material attracts fish and maximizes taste and texture to ensure when fish bite they hold on tight! The exclusive VMC[®] Power Gap hook delivers a wider round gap greatly increasing your hook rate percentage. The precision balance of the 90° hook eye ensures optimal horizontal position for a perfect strike angle! Ultra Glow pigments last up to 15 minutes per charge.

MODEL NO.	PIECES	HOOK SIZE	WEIGHT
WTJ1100	2	10	1/100 oz.
WTJ150	2	8	1/50 oz.
WTJ132	2	6	1/32 oz.

NYMPH JIG

The VMC[®] Nymph Jig is ready to fish right out of the package! Each jig is pre-rigged with the TriggerX[®] Nymph soft bait (also sold separately) which replicates small aquatic insects that are primary food sources for fish year 'round. The innovative Trigger X[®] material attracts fish and maximizes taste and texture to ensure when fish bite they hold on tight. The exclusive VMC[®] Power Gap hook delivers a wider round gap greatly increasing your hook rate percentage. A variety of natural, fluorescent and Ultra Glow color options give the anglers up to 15 minutes of charge!

MODEL NO.	PIECES	HOOK SIZE	WEIGHT
NYJ150	2	8	1/50 oz.

FLAP TAIL JIG

The ready-to-fish VMC[®] Flap Tail Jig is pre-rigged with the Trigger X[®] Flap Tail Grub soft bait (also sold separately). The thin profiled beaver-like tail creates a flapping action similar to a leech. The tail section can be split to mimic that of a wounded swimming minnow. The innovative Trigger X material attracts fish and maximizes taste and texture! The exclusive VMC[®] Power Gap hook delivers a wider round gap greatly increasing your hook rate percentage. Colors are offered in a variety of natural, fluorescent and Ultra Glow colors giving anglers up to 15 minutes of charge!

MODEL NO.	PIECES	HOOK SIZE	WEIGHT
FGRJ150	2	8	1/50 oz.

FLASH CHAMP SPOON

When conditions call for both brawn and beauty the VMC® Flash Champ Spoon is the answer. Constructed of heavy-duty brass, the spoon can manage continuous attacks by large game fish or schools of aggressive panfish. Beveled edges and tapered design offer an enticing fluttering action. An array of colors with holographic eyes and Ultra Glow pigments lasting up to 15 minutes gives the angler every advantage to put more fish in the boat or on the ice!

MODEL NO.	HOOK SIZE	LENGTH	WEIGHT
FCS132	14	3/4"	1/32 oz.
FCS116	12	1"	1/16 oz.
FCS18	10	1-1/4"	1/8 oz.
FCS14	8	1-1/2"	1/4 oz.

TINGLER SPOON

The VMC® Tingler Spoon's unmatched wide wobbling action exaggerates the movement of dying baitfish with its unique curved body and V-shaped design. Large holographic eye and wide variety of holographic attractor and live baitfish patterns increase your odds of catching more fish! And just when you think it's time for recharging, rest assured the VMC® Ultra Glow colors lasting up to 15 minutes translates to more time underwater and less time out.

MODEL NO.	HOOK SIZE	LENGTH	WEIGHT
TGS116	12	1"	1/16 oz.
TGS18	10	1-1/2"	1/8 oz.
TGS316	8	2"	3/16 oz.

TUMBLER SPOON

The VMC® Tumbler Spoon is the ultimate one-two punch lure. Its unique “knuckle” bend offers a slow tumbling action for those finicky biters or when a subtle action spoon is critical to matching the behavior of neutral to negative fish. The knock-out blow is the addition of the small metallic attractor blade which adds additional flash and sound when coming in contact with the spoon and hook. Holographic VMC® Ultra Glow colors lasting up to 15 minutes, UV finishes, natural baitfish patterns and holographic eye match the hatch to any fishing condition either on open water or under the frozen tundra!

MODEL NO.	HOOK SIZE	LENGTH	WEIGHT
TMS112	12	1"	1/12 oz.
TMS18	10	1-1/2"	1/8 oz.

RATTLE SPOON

It's Hammer Time!! The VMC® Rattle Spoon has an unmatched resonance chamber made of brass with multiple beads that give anglers the edge over other rattling spoons on the market. The shortened chamber allows the angler to impede sound with minimal jigging distance while maintaining action to the lure. Couple this with a wide variety of colors in UV, natural baitfish, holographic finishes and VMC® Ultra Glow pigments lasting up to 15 minutes and no fish can resist to bite! Ready when you are 365 days a year.

MODEL NO.	HOOK SIZE	LENGTH	WEIGHT
RTS116	12	1"	1/16 oz.
RTS18	10	1-1/4"	1/8 oz.
RTS14	8	1-1/2"	1/4 oz.
RTS38	6	1-3/4"	3/8 oz.

glow resin trebles

The classic VMC® 9650 round bend treble is embellished with a durable epoxy resin infused with a choice of five Ultra Glow colors that stay charged for up to 15 minutes. Change out to this hook on your favorite spoons and lures for increased action, all-season long. 1X Black Nickel, High Carbon Steel with Cut Point.

NYPH

The Trigger X® Nymph replicates small aquatic insects and crustaceans that are primary food sources for fish year 'round. Tubular body makes rigging a breeze, while the life-like appendages flicker and flutter enticing any weary predator to bite and hold on tight. A wide variety of vibrant solid and top-to-bottom dual colors and Ultra Glow models that glow up to 15 minutes mean more time underwater.

MODEL NO.	LENGTH	PIECES
TXNY1	1"	12

FLAP TAIL GRUB

The unique design of the Trigger X® Flap Tail Grub will "slap" any fish into action. The thin profiled tail, like a beaver, creates a flapping action similar to a leech, or split the tail section to mimic that of a wounded swimming minnow. Colors are offered in a variety of natural, fluorescent, solid or top-to-bottom dual and Ultra Glow colors giving the angler up to 15 minutes of charge!

MODEL NO.	LENGTH	PIECES
TXFGR1	1"	12

MINNOW

The Trigger X® Minnow delivers life-like miniature fry features and fishability without the hassle of a minnow bucket. Long, slender, tapered design with unique webbed tail offers superb action with the slightest of motion from the angler. An array of solid or top-to-bottom dual colors, and the enhanced Ultra Glow pigments lasting up to 15 minutes, give the angler every advantage to put more fish in the boat or on the ice!

MODEL NO.	LENGTH	PIECES
TXMN1	1"	12

SPIKE WORM

With its worm-like body and long tapering tail the Trigger X® Spike Worm is one of the most versatile soft baits for panfish. Rig in different positions to create the desired action, these little worms can be twitched, fluttered, or flapped to trigger the bite. Attracting colors range from long-lasting 15 minute Ultra Glow patterns to naturals and hi-vis two-tones. No matter what the fish are hungry for the Trigger X® combination of Action, Color and Taste ensures when fish bite they hold on tight!

MODEL NO.	LENGTH	PIECES
TXSPW15	1-1/2"	12

MUSTACHE WORM

The success and evolution of the Wacky Worm and Wacky style of fishing just got supercharged with the Trigger X® Mustache Worm! Easy-to-rig egg sack, and long tapering appendages create the allure of a small fry or micro plankton. The "mustache" action is created as the appendages undulate up and down during jigging. Couple this with a wide variety of colors and Ultra Glow pigments lasting up to 15 minutes!

MODEL NO.	LENGTH	PIECES
TXMW1	1"	14
TXMW15	1-1/2"	12
TXMW2	2"	10

WAX TAIL

The Trigger X[®] Wax Tail offers incredible action with the slightest movement of the rod tip. Pinch off the tail section and it can also be used to replicate a juicy waxworm. Ridged body offers life-like texture, while an array of solid or top-to-bottom dual colors, and the enhanced Ultra Glow pigments lasting up to 15 minutes, give the angler every advantage to put more fish in the boat or on the ice! You can also buy them pre-rigged on the VMC[®] Wax Tail Jigs.

MODEL NO.	LENGTH	PIECES
TXWT1	1"	15
TXWT15	1-1/2"	12

trigger the bite new

Building on the pedigree of the original six, these three new shapes integrate the ACT (action, color & taste) strategy for success. Advanced shapes add even more life-like action, with tentacles and clever body appendages that jump into action the second they hit the water.

LUV BUG

The Trigger X[®] Luv Bug design offers both life-like grub body with incredible tail action! The thin profiled heart-shaped tail flaps and waves any curious fish into falling for it. An array of proven fish-catching colors and the enhanced Ultra Glow pigments give the angler every advantage to put more fish in the well. Also available pre-rigged on the VMC[®] Tungsten Luv Bug Jig.

MODEL NO.	LENGTH	PIECES
TXLB1	1"	15

PROBE

With its long, thin profile the Trigger X[®] Probe offers a subtle swimming action that mimics small fry or minnows. The unique tail and body design allows the plastic to move with the slightest of motion from the angler. The Probe is offered in a wide variety of traditional and Ultra Glow colors and can also be purchased pre-rigged on the VMC[®] Tungsten Probe Jig.

MODEL NO.	LENGTH	PIECES
TXP15	1-1/2"	15

WINGDING

The Trigger X[®] Wingding is a combination of tube and creature bodies to create a true one-of-a-kind presentation. Solid core body will allow rigging to any jig hook size or style with the external wings offering stability and gliding action. Multiple teaser tentacles pulse and swim with the faintest movement. The Wingding is offered in a full selection of traditional and Ultra Glow colors.
