CARBONERRO™

To strengthen our commitment to providing consumers with innovative outdoor products, Waterbrands acquired industry leading paddle manufacturer Carbonerro

PRO SERIES

100% carbon fiber paddles (carbon fiber blade, shaft and handle) constructed with an elongated ten-degree teardrop blade, smooth drawn out dihedral spine, and reinforced ABS edge

Weight Uncut: 19.5 oz. Length Uncut: 88" with handle

TRAX

Colorful, lightweight and strong, TRAX paddles redefine the term entry level. The adjustable fiberglass composite shaft and durable plastic blade make TRAX easy to paddle for the whole family but rugged enough to handle any environment. While shafts with adjustable pinholes are susceptible to sinking, the TRAX paddles have a special foam insert that keeps water from getting to the blade portion of the shaft, allowing these pin-adjustable paddles to float in the water.

Weight: 26.5 oz.

Adjustment Range: 68" - 88"
