

TRANSOM MOUNT ROD RACK

Maximize rod storage on board with Taco Marine's Transom Mount Rod Rack. Free up gunnels and decks with 3-rod or 4-rod rod racks mounted on the transom. Durable brushed Aluminum finish is designed to withstand the harsh marine environment and still look great. With Taco Marine's patent-pending spline technology, the desired angle of the rod rack can be adjusted during installation to fit the boat's transom and installation is easy.

FEATURES & BENEFITS

- Available in brushed finish
- Offered with 3- or 4- rod holders
- Transom mount
- Patent-pending spline adjustments
- Long-lasting performance and appearance
- Maximize on-board rod storage
- Adjustable to fit any boat's transom
