

TRIDENT MARINE®

TRIDENT VAC XHD SANITATION HOSE (FDA)

148 Series

Trident Ply Extra heavy-duty sanitation hose of smooth white vinyl. Specially compounded to provide excellent resistance to odor permeation and (FDA) potable water fill. Also for critical bilge, drain scuppers, live wells, etc. Hard PVC helix gives good flexibility and bend radius. No cuffs required.* Don't use with alcohols, anti-freeze, petro-chemicals or solvents. Self-draining installations are recommended for longest odor free service.

Specifications

Construction:

Tube & Cover:

Hard PVC helix

Color: White

Reinforcement:

PVC Helix

Part Number	ID		OD		Working Pressure		Weight		Bend Radius	
	in.	mm.	in.	mm.	Psi Vac In./Hg	Bar	Lb./ 50 ft.	Kg/m	In	mm
