FLX-28[™]

FLX-20[™]

FLX-12[™]

Ultra Pack FISHING SYSTEMS *The most impressive carry case system ever designed.*

THE ULTRA PACK IS THE IDEAL NAME for the most feature packed ice fishing system ever offered by Vexilar. The Ultra Pack system's innovation begins with a 12 volt, 9 amp-hour battery enclosed inside the case, so you don't need to connect or disconnect your battery after each use. A master power switch powers up your unit, and additional power posts give anglers the option of running other accessories. FLX-20™ comes standard with a DD-100 Digital Depth Indicator. The

case comes with an adjustable rod holder, cable storage cleats, battery charger and even your own Vexilar tackle box! The super tough Ultra Pack will fit into a five gallon bucket. An optional soft pack carrying case is also available (SP0007—included with FLX-28). All Ultra Pack Systems are factory assembled and tested here in the USA.

▶ Tackle box holder with tackle box included. ▶ Transducer holder fits all sizes of Ice-Ducers.

FLX-28™ Ultra Pack

UP28PV with Pro-View Ice-Ducer® and SP0007 Soft Pack included

TWO-YEAR Limited Extended Warranty AVAILABLE*

▶ FLX-20 Ultra Pack includes the Vexilar FL Digital Depth Indicator. (The FLX-28 has this functionality built-in.)

NEW
FLX-20™ Ultra Pack
UPX2012D with 12° Ice-Ducer® and DD-100

UC-100 Ultra Pack case only with D-130 Battery Status Indicator (fits all FL/FLX-series Gimbal Flashers)

DIGITAL DEPTH INDICATOR

VEXILAR'S DIGITAL DEPTH INDICATOR SYSTEM delivers both digital depth and battery status with a touch of a button. The Digital Depth Indicator will work on all Vexilar FL series of flashers, including older FL-8 models of Hondex, Si-tex and Micronar. Vexilar's FL Digital Depth Indicator gives anglers what they have been asking for, "Digital Depth!" Easy to install and requires no special tools.

DD-100 Digital Depth Indicator

PACK ACCESSORIES (see accessories page for more)

TSA001 Transducer Support Arm

▶ Fits over rod holder to give you a fold up and out transducer support arm. Rod holder not included.

L-202 Flexlight

▶ Super bright, flexible night light with adjustable intensity. Runs for at least 5 hours on a single AA battery (not included). Large wing nut makes it easy to mount.

▶ An FL series flasher from Vexilar, the world leader in flasher sonar technology (FLX-28 shown).

▶ To highlight detail, the FLX-28 Ultra Pack is shown without its soft pack which is included (soft pack is not included with FLX-20 Ultra Pack).

▶ Enclosed battery compartment with Vexilar 12 volt, 9 amp-hour battery. Includes the V-410 1 amp digital charger.

▶ Quick charge jack plug for easy charging.

▶ Easy access external charging and accessory power posts.

▶ Super strong handle with float holder.

▶ Pre-drilled holes for optional accessories.

▶ High profile for easy access to controls and great display visibility.

▶ Cable storage and holding grips.

▶ Ultra Pack fits in five gallon bucket.

▶ Adjustable rod holder fits on either side.

▶ The patented Ice-Ducer® system is a self leveling transducer with float for accurate transducer positioning every time.

▶ Ice-Ducer® support eye-bolt has three pre-tapped mounting locations around base.

▶ Non-slip bottom.

▶ Master On/Off power switch.

*Standard two year limited warranty on all units. An additional two-year limited extended warranty is available. The battery is covered under a prorated performance guarantee. Failure to properly care for battery is not the responsibility of Vexilar. See your Vexilar owner's manual or go online for details.

Pro Pack II FISHING SYSTEMS

The most reliable sonar systems in the world!

VEXILAR'S MOST POPULAR winter fishing system is the Pro Pack II. This system offers great performance features in a super durable case with a built-in gimbal bracket to support your flasher. The Pro Pack II System is offered with the FLX-28™, FLX-20™, FL-18™ and FLX-12™ units. Standard features include a rod holder, tackle box, universal

transducer holder, DD-100 Digital Depth Indicator (except FLX-28 system), cable holding cleats and a 12 Volt, 9 amp-hour battery with charger. The Pro Pack II has been designed to fit into a five gallon bucket, and has an optional soft pack carrying case available (SP0007—included with FLX-28). Each system is factory assembled and tested in the USA.

Genz Pack FISHING SYSTEMS

You'll never go fishing without your Vexilar again!

YEARS IN THE MAKING, this classic design has been improved even more by ice fishing legend Dave Genz. Dave has made his "Blue Box" nearly indestructible so it will last for years of hard use. Genz redesigned the battery storage compartment and added a universal transducer holder system. The Blue Box can also accept the full line of Vexilar accessories

like the DD-100 (included on FLX-12) or D-130 Battery Status Indicator, Vexilar FlexLight™ or even a Tri-Beam Ice-Ducer® transducer. The Blue Box fits on top of a five gallon bucket for easy access and handling while fishing. Available with the Vexilar FL-18®, FLX-12™ or FL-8®se, each Genz Pack combo comes with a 12 volt, 9 amp-hour battery with Vexilar V-410 automatic charger and Ice-Ducer® transducer with float.

"I never go fishing without my Vexilar. My Genz Pack is ready to use right out of the box!"
Dave Genz "Mr. Ice Fishing"

LPS-1 HAND-HELD DEPTHFINDER fishing / canoeing / diving

THE LPS-1 IS SIMPLE TO USE. Just put it in the water, point and push the "ON" button. The depth or distance is digitally displayed for 10 seconds before automatically shutting off, with no risk of battery drain. A must for the outdoor enthusiast! Take the compact, lightweight LPS-1 wherever you go: fly-in trips, ice fishing, canoe trips, remote mountain lakes, float tubing, scuba diving and more. For fishing, simply touch it to the surface of the water. For ice fishing, the signal will shoot through clear ice! When diving, use it to check depths or distances to any object under water: reefs, sunken wrecks—even the distance to the surface. Waterproof down to 150'.

SPECIFICATIONS:
COLOR: Nautical Yellow **WEIGHT:** 7 oz. **LENGTH:** 7.75" **VOLTAGE:** 9 volt **MAX. DEPTH RANGE:** 200 feet

FL/FLX-series FLASHERS/FISH-FINDERS *Fish for days — not hours — using Vexilar's flasher technology with PST.*

FLX-28™ THE FLX-28 HAS MORE FEATURES built in than any previous single flasher sonar system. When fans of Vexilar say we could never improve the FL-8 that we introduced over twenty years ago, they were amazed when the FL-18 hit the ice in 2002. By the time the flat screen FL-12 and FL-20 came out, Vexilar had established a new gold standard in flasher performance. Surely, Vexilar could not improve on this? Welcome to the age of the FLX series! A unique brushless data transfer design system allows for the creation of a breakthrough flasher display with digital depth and Auto Ranging technology. The features found in the FLX-28 read like the wish list of avid ice anglers: digital depth, auto range, two zoom zones, five color palettes to select from for maximum visibility, five foot depth range adjustments starting at 10 feet, maximum range of 300, day and night display brightness settings, low power options for fishing in super shallow water, and a unique weed mode for better performance while fishing in weeds. And to top it all off, the unit even has its own demo mode so you can show non-Vexilar fans how the system works with a lifelike fish catching simulation to watch. The FLX-28 is totally revolutionary in the world of winter flasher sonar technology. Vexilar has come a long way from the early FL-8, but over the last 50 years has never changed their commitment to deliver the very best sonar systems in the world. Performance, quality, innovation and reliability—welcome to the amazing FLX-28.

FLX-28™ Flasher
FM2800 Head Unit Only

FLX-20™ VERSATILITY IS THE KEY TO SUCCESS and the FLX-20 delivers! The FLX-20 is designed to exceed all expectations, no matter what depths you fish, no matter what time of day. The ability to see bottom and even fish in thick weeds is possible with a built-in low power mode. The FLX-20's sleek profile lets you see the display from farther away and from the sides and allows more than one angler to watch the display. With two Auto Zoom zone options, one for the zooming in on the bottom six feet and one for the bottom twelve feet, there is nowhere those bottom loving fish can hide. The amazing resolution of the Auto Zoom feature gives you the same display performance as fishing in only six or twelve feet of water, no matter how deep the water is! From the 300 foot max depth range to the night mode for easy viewing in low light conditions, nothing rivals the FLX-20 for superior, multi-use performance, shallow or deep, day or night.

NEW
FLX-20™ Flasher
FMX2087 with 12° Puck Transducer
FMX2084 with 12° High Speed Transducer

FL-18® RELIABILITY AND GREAT PERFORMANCE in all weather conditions make the FL-18 a true winner with hard-core anglers. The FL-18 is the world's first flasher/fish finder with Auto Zoom and Bottom Lock. Auto Zoom allows you to closely examine the bottom six foot column of water. Bottom Lock for summer fishing allows you to stay locked in on the bottom regardless of the boat's motion.

FL-18® Flasher
FM1887 with 12° Puck Transducer
FM1884 with 12° High Speed Transducer

FLX-12™ THE STREAMLINED, FLAT surface of the FLX-12 delivers a larger display that won't trap rain or snow. This design also allows for increased viewing angle. The simple to operate system only requires two control knobs. The FLX-12 offers a 20' Low Power range setting option for use in shallow water or thick weeds and a night viewing mode.

NEW
FLX-12™ Flasher
FMX1223 with 19° Puck Transducer
FMX1244 with 19° High Speed Transducer

FL-8® SE THE CLASSIC VEXILAR FLASHER is truly legendary. The world's most popular three-color sonar flasher, the FL-8se is still one of the best all-around flasher/sonar designs. The hallmark three-color display shows weak targets in green, medium strength targets in orange and strong bottom targets in red. The FL-8se features ten interference rejection settings.

SONAR Phone® WiFi SONAR

HD sonar technology for smartphones & tablets.

SONARPHONE® creates its own hotspot anywhere in the world! Why pay for a touch screen monitor control when you already own one! Turn your tablet into a big screen, high resolution sonar system you can take anywhere! This is **not** a WiFi repeater system that gives you only an image of what your main sonar unit shows. **You** have complete control of your sonar. Features like zoom zones, split screen, color selection and even a keel offset is controlled by you on your touch screen display. Available with single and dual beam frequency transmitters. Cast it, troll it, or rig it permanently on your boat.

SONARPHONE® WiFi Sonar

- SP100** T-Pod WiFi Transducer Pod
- SP200** T-Box WiFi Boat Sonar, permanent
- SP300** T-Box WiFi Boat Sonar, portable

Not intended for ice fishing. Smartphone/tablet not included. Patented WiFi technology! US Pat #9,628,592 & 9,408,378.

Key Features

- ▶ Compatibility: iOS 4.3 (iPhone, iPad) and Android 2.0
- ▶ Water Temperature, Depth Indicator
- ▶ Automatic Ranging, Sensitivity
- ▶ Fish Icon
- ▶ Keel offset
- ▶ Battery Indicator
- ▶ Zoom Bottom Track
- ▶ Audible Alarms for Fish/Shallow/Low Battery
- ▶ Noise Rejection
- ▶ Surface Clarity
- ▶ Free App download
- ▶ SonarCharts™ Live with Navionics® app*
- ▶ Instruction manual integrated with app
- ▶ One year warranty

Fish-Scout® & FISH Phone® UNDERWATER VIEWING SYSTEMS

- ▶ Waterproof camera to monitor connection.

- ▶ Enclosed battery compartment with Vexilar 12 volt, 9 amp-hour battery. Includes the fully automatic V-410, 1 amp charger.

- ▶ System fits into a five gallon bucket.

- ▶ ABS internal frame is tough and durable.

- ▶ Easy store cable wrap pouch holds 90 feet of super thin cable on a spool with handle.

THE FISH-SCOUT® is a complete underwater viewing system that consists of a color/b&w camera, 7" color LCD monitor, rigid carrying case with an enclosed 12 volt, 9 amp hour battery, 1 amp digital charger and soft pack carrying case. The system comes fully assembled and ready to use directly out of the box.

This system is energy efficient and can run for over 9 hours on a single battery charge. Comes standard with a two year factory warranty.

THE FISH-SCOUT® DOUBLE VISION underwater viewing system is the most advanced multi-perspective fishing system ever developed. Add any Vexilar FL/FLX-series flasher/fish-finder and enjoy use the very best underwater camera technology side by side with the very best flasher sonar in the world. There is no place the fish can hide. Take your Double Vision system with you everywhere so you are prepared for any fishing situation.

DVR100

RECORD VIDEO AND STILL IMAGES from your Fish-Scout® camera. Attaches in seconds and uses the system's power—no extra batteries required.

- ▶ Key fob wireless controller
- ▶ Requires MiniSD memory card (not included)

Fish-Scout® DVR

DVR100 Digital Video Recorder for Fish-Scout®

Monitor SPECS

- ▶ 7" 16:9 widescreen LCD color monitor
- ▶ a-Si TFT active matrix display
- ▶ Monitor resolution: 800 x 480 (W x H)
- ▶ Automatic light adjustment
- ▶ Superior cold weather performance with automatic monitor warming technology
- ▶ Auto backlight on controls
- ▶ Video Out option to big screen

Camera SPECS

- ▶ **FS800:** 1/3" CMOS Color/B&W sensor
- ▶ **FSDV01:** CMOS Color/B&W sensor
- ▶ Auto Gain control
- ▶ **FS800** Lux: Color 0.4 / B&W 0.07
- ▶ **FSDV01** Lux: Color 0.5 / B&W 0.2
- ▶ 90 degree viewing angle
- ▶ 600 lines of resolution (**FS800**), 420 (**FSDV01**)
- ▶ **FS800** cable length: 90 feet
- ▶ **FSDV01** cable length: 50 feet
- ▶ Depth marked: every foot of cable (**FS800**), every five feet of cable (**FSDV01**)

Camera automatically switches between color and b&w

- ▶ 7" water resistant, widescreen color LCD monitor.
- ▶ Pre-wired with easy-charge jack connector.
- ▶ Double Vision includes Vexilar D-130 Battery Status Indicator.
- ▶ Master on/off power switch.
- ▶ Multi-chamber waterproof camera housing with two external super bright LED lights and internal directional lights.
- ▶ Durable soft pack carrying case with padded flap to protect monitor.
- ▶ Adjustable support elbow arm for mounting camera near system.
- ▶ Includes independent, over-hole suspension arm for mounting camera away from the system.

Fish-Scout®

FS800 Underwater viewing system

Fish-Scout® Double Vision

FSDV01 Underwater viewing system, no sonar

- ▶ Each Double Vision system can power any Vexilar FL/FLX-series unit. Simply remove your Vexilar sonar from your current pack, plug it in to the Double Vision and you are ready to go fishing.

FP100 FISHPHONE® WiFi UNDERWATER CAMERA

TURN YOUR SMART PHONE or tablet into a high resolution underwater camera. FISHPHONE includes 50 feet of cable, color/black & white camera, 12 volt rechargeable battery, charger, durable carry case, T-Box WiFi transmitter system and a free neoprene armband to hold your smart phone while fishing or boating.

Smartphone/tablet not included

- ▶ Compatibility: iOS 6 (iPhone, iPad) & Android 2.6
- ▶ Free app download
- ▶ Instruction manual integrated with app
- ▶ CMOS Color/B&W Camera
- ▶ 50 feet lightweight cable
- ▶ One year Vexilar warranty
- ▶ 300 ft transmit range via WiFi
- ▶ 12 volt, 4.5 amp hour battery and charger
- ▶ Six hour run time per charge
- ▶ Records still images and live video
- ▶ Rigid case holds cable and battery, and provides camera suspension arm
- ▶ Full spectrum light level controls
- ▶ Video output to big screen

FREE APP REQUIRED: to install the free FishPhone app on your phone or tablet, launch the App Store (iOS) or Play Store (Android) and search for "fishphone."

SOFT PACKS
Protect your investment and stay more organized on the ice. The Pro/Ultra Soft Pack carrying case has a clear -20° below cold crack window and extra storage, while the Genz Pack Soft Pack is padded with a quick seal Velcro flap. (FL-unit not included).
SP0005 Genz Pack Soft Pack
SP0007 Pro Pack/Ultra Pack Soft Pack

TRANSDUCER SUPPORT ARM
TSA001 Fits over rod holder to give you a fold up and out transducer support arm. Rod holder not included.

FLEXLIGHT
L-202 Super bright, flexible night light with adjustable intensity. Runs for at least 5 hours on a single AA battery (not included). Large wing nut makes it easy to mount on all Vexilar packs.

A.C.E.™ - ACOUSTICALLY CONDUCTIVE EPOXY
ACE001 Everything you need to install an in-hull transducer using Vexilar's special blend of marine epoxy. Good for one installation.

ROD HOLDER ADD-ONS
RH-100 Additional rod holder
CH-100 Cup holder (fits inside rod holder)

MAG SHIELD™
MS0001 Fits over FL-18 or FL-8se models. Mag Shield magnifies and protects viewing area.

ALUMADUCER®
The world's only transducer designed to transmit through aluminum with zero signal loss. Comes with A.C.E.™ adhesive.
TB0021AU 50/200kHz, 45°/11°
TB0022AU 83/200kHz, 60°/20°
TB0023AU 200kHz, 19°
TB0023A 200kHz for Vexilar units

FL/FLX SERIES TROLLING MOTOR/IN-HULL KIT
This kit makes it easy to transform your Vexilar Ice Pack system for open water use. Includes puck-style transducer, gimbal bracket and power cord (25' cable).
TK-123 (19° for FL-8/18) **TK-223** (19° for FL-12/20/22/FLX-12/20)
TK-187 (12° for FL-8/18) **TK-287** (12° for FL-12/20/22/FLX-12/20)
TK-127 (9° for FL-8/18) **TK-227** (9° for FL-12/20/22/FLX-12/20/28)

FL/FLX SERIES TRANSOM MOUNT KIT
This kit makes it easy to transform your Vexilar Ice Pack system for open water use. Includes high-speed transducer, gimbal bracket and power cord (25' cable).
TK-144 (19° for FL-8/18) **TK-244** (19° for FL-12/20/22/FLX-12/20)
TK-184 (12° for FL-8/18) **TK-284** (12° for FL-12/20/22/FLX-12/20)
TK-130 (9° for FL-8/18) **TK-230** (9° for FL-12/20/22/FLX-12/20/28)

DEPTHERM®
104 Quickly and accurately shows what the temperature is below your boat. You'll also know the maximum depth it is dropped down to. Comes with a fish species preferred temperature chart.

BATTERY STATUS INDICATOR
D-130 gives a digital readout on battery status during discharge. Works on any 12 volt system and is easily mounted in all Vexilar case systems. Durable and waterproof.
See related DD-100 on page 2.

12V DC ADAPTERS
Run your flasher directly from the 12 volt power supply of your truck, ATV or snowmobile.
PCDCA1 DC adapter power cord for FL-8 & FL-18
PCDCA4 DC adapter power cord for FL-12/20/22/FLX-12/20/28

BATTERY AND CHARGER
V-410 1 amp digital automatic charger with standby mode—will not overcharge your battery
V-120 12 volt, 9 amp-hour battery with V-410 charger
The V-120 battery is covered under a pro-rated performance guarantee. Failure to properly care for battery is not the responsibility of Vexilar.

ICE-DUCER® TRANSDUCER OPTIONS
TB0050 19° - 1.5" dia., 6' cable
